BY UNANIMOUS CONSENT
RESOLUTION 09/10/21
RESOLUTION CONCERNING
THE K-STATE 8 GENERAL
EDUCATION PROPOSAL

BY: SGA Executive Committee and Lydia Peele

WHEREAS, Kansas State University should uphold a general education curriculum that “provides for a student’s exposure to a broad range of ideas, knowledge, and ways of thinking by requiring all degree-bound students to complete courses across a specified range of subjects and academic disciplines” (K-State 8 General Education Proposal);

WHEREAS, On April 23, 2009, Karen Myers-Bowman represented the General Education Task Force in a presentation to Student Senate on the proposed K-State 8 General Education Program;

WHEREAS, Following the presentation, members of the Student Governing Association spent more than an hour asking questions and addressing concerns they had with the proposed K-State 8 General Education Program;

WHEREAS, The K-State 8 General Education Program outlines eight areas each student’s program of study must incorporate, including Aesthetic Experience and Interpretive Understanding, Empirical and Quantitative Reasoning, Ethical Reasoning and Responsibility, Global Issues and Perspectives, Historical Perspectives, Human Diversity within the United States, Natural and Physical Sciences, and Social Sciences. Students expressed numerous concerns surrounding the proposed general education program, including concerns with restricting the study of Human Diversity to only the United States, concerns with the title and description of the Aesthetic Experience and Interpretive Understanding theme, as well as concerns that some areas are vaguely broad, while others are more narrow;

WHEREAS, The emphasis of the K-State 8 General Education Program is based on liberal education model, which is not consistent with the land grant mission that Kansas State University was founded upon and has since been nationally recognized for its success.

WHEREAS, The K-State 8 General Education Program states “the intent of the K-State 8 is for students to explore the perspectives of disciplines that may be quite different from those of their own majors” requiring a minimum of four different course prefixes to be represented in the fulfillment of the K-State 8 requirements. Students addressed concerns, especially from the professional schools of Engineering and Architecture, Planning, and Design, with being able to acquire the technical and design skills required in their profession without an additional number of courses, as well as concerns with missing out on the opportunity to take extra courses within the industry they will be entering;

WHEREAS, The Kansas State University Student Senate was presented the K-State 8 General Education Proposal only two and a half weeks prior to the Faculty Senate meeting in which voting action could occur. There was minimal student input throughout the formation of the proposal, with only two students serving on the General Education Task Force during the 2007-2008 academic year and almost no student engagement during the final revisions to the proposal. In addition, the process of tagging courses, as well as program assessment, should have student input, which is not provided for under the current proposed program; and
WHEREAS, The Kansas State University community would benefit from student engagement and input in the proposed K-State 8 General Education program, and student questions and concerns should be addressed prior to the passing of this proposal.

BE IT RESOLVED THAT:

SECTION 1. The Kansas State University Student Governing Association recognizes the hard work, effort, and time spent of the General Education Task Force on the proposed K-State 8 General Education Proposal and supports the change from the current UGE Program, as well as the purpose behind the proposal.

SECTION 2. The Kansas State University Student Governing Association does not support the proposed K-State 8 General Education Proposal as currently written.

SECTION 3. The Kansas State University Student Governing Association should to be a part of a dialogue with Faculty Senate and the General Education Task Force to address student concerns and answer student questions regarding the K-State 8 General Education Program prior to further action.

SECTION 4. Upon passage by the Student Senate and signature of the Student Body President, this resolution shall be sent to Chair of the General Education Task Force Karen Myers-Bowman, Chair of the Faculty Senate Academic Affairs Committee Doris Carroll, Faculty Senate President Fred Fairchild, Faculty Senate President-Elect Melody LeHew, University President Jon Wefald, University President-Designate Kirk Schulz, Vice President for Student Life Pat Bosco, Dean of the College of Agriculture Fred Cholick, Dean of the College of Architecture, Planning, and Design Dennis Law, Dean of the College of Arts and Sciences Stephen White, Dean of the College of Business Administration Yar Ebadi, Dean of the College of Education Michael Holen, Dean of the College of Engineering John English, Dean of the College of Human Ecology Virginia Moxley, Dean of the College of Technology and Aviation Dennis Kuhlman, Dean of the College of Veterinary Medicine Ralph Richardson, Dean of the Graduate School Carol Shanklin, and the Kansas State Collegian.

THIS RESOLUTION PASSED STUDENT SENATE ON NOVEMBER 5, 2009
BY UNANIMOUS CONSENT
RESOLUTION 09/10/51  RESOLUTION ON BANNING HAND-HELD COMMUNICATION DEVICES WHILE OPERATING A MOTOR VEHICLE IN THE CITY OF MANHATTAN

BY: Governmental Relations Committee

WHEREAS, The City of Manhattan, Kansas, is in the process of considering an ordinance that would make the use of hand-held communication devices while operating a motor vehicle illegal within the city limits;

WHEREAS, A total ban could have detrimental effects on students, businesses, and visitors;

WHEREAS, The safety of the citizens of Manhattan and the students of Kansas State University is of utmost importance, and texting while driving increases the likelihood of a motor vehicle accident; and

WHEREAS, A dialogue between the City and University is important and a resolution on Student Senate’s position accomplishes this goal.

BE IT RESOLVED THAT:

SECTION 1. The Kansas State University Student Governing Association does not support a total ban on hand-held communication devices and other general use hand-held devices while operating a motor vehicle within the City of Manhattan.

SECTION 2. The Kansas State University Student Governing Association supports a ban on text messaging while operating a motor vehicle as a secondary offense in lieu of a ban against all hand-held communication devices.

SECTION 3. If the City of Manhattan passes a total ban in handheld devices, the Kansas State University Student Governing Association recommends that the University Administration not consent to applying such a ban to University Property.

SECTION 4. Upon passage by the Student Senate and signature of the Student Body President, a copy of this resolution shall be sent to University President Kirk Schulz, Director of Governmental Relations Sue Peterson, Vice President for Administration and Finance Bruce Shubert, Vice President for Student Life Pat Bosco, Assistant Vice President and Director of Public Safety Ronnie Grice, Faculty Senate President Melody LeHew, Classified Staff Senate President Carolyn Elliott, Manhattan Mayor Bob Strawn, Mayor Pro Tem Bruce Snead, Commissioner James Sherow, Commissioner Loren Pepperd, Commissioner Jayme Morris-Hardeman, City Attorney Bill Frost, City Manager Ron Fehr, Assistant City Manager Jason Hilgers, Assistant City Manager Lauren Palmer, and RCPD Director Brad Schoen.

THIS RESOLUTION PASSED STUDENT SENATE ON NOVEMBER 12, 2009 BY A ROLL CALL VOTE OF 39-15-4
VETO MESSAGE OF THE

STUDENT BODY PRESIDENT

Pursuant to Article IV, Section 406.C. of the KSU SGA Constitution, I hereby veto Resolution 09/10/51 for the following reasons:

Resolution 51 includes inflammatory language that is not characteristic of the KSU Student Governing Association. Section Three specifically, which recommends the University not consent to applying the laws of the City of Manhattan to University property, contains language that is simply not in the spirit of K-State, and additionally would damage our current relationship with the City of Manhattan.

The resolution, as written, also includes irresponsible language. If the goal of a ban on texting while driving is to reduce injuries and fatalities, then enforcing this ban as a secondary offense is clearly not the best option. Rather than potentially preventing an accident, an offense not be assigned until after an accident occurred and an officer had obtained phone records proving the driver was texting at the time of an accident. To think that this is a proper and efficient use of a patrol officer’s time is simply irresponsible.

As the Student Governing Association, we are tasked with representing and serving the student body, as well as advocating responsibly on students’ behalf. I do not doubt that a ban on mobile communication devices could offer potential safety benefits; however, we must consider the full weight of our recommendation and the other consequences that exist.

For these reasons, I veto Resolution 09/10/51.

BY: Dalton Henry and Amy Schultz

WHEREAS, The KSU Student Governing Association has been asked to provide an opinion concerning a potential ban on the use of hand-held communication devices while operating a motor vehicle within the City of Manhattan;

WHEREAS, The KSU Student Governing Association recognizes the numerous safety concerns associated with a driver’s use of a hand-held communication device.

BE IT RESOLVED THAT:

SECTION 1. The Kansas State University Student Governing Association does not support a ban on hand-held communication devices while operating a motor vehicle within the City of Manhattan.

1. Steven Miller – K-State Collegian- Farewell speech

Muir moved to include Miller’s speech in minutes. Motion was seconded and passed.

I just have a few words for you tonight. As many of you know, I will be graduating in two weeks and moving from the K-state Collegian to the Manhattan Mercury. Hopefully, it will be a smooth transition. When I took this beat, initially, I was told two things: that the meetings would be long and that I’d never make the front page. This was true for my first meeting. For my second meeting, the K-state Marching Band showed up and I had my second front page article ever. Over the past six months I’ve had more interesting, front page stories than I could’ve ever hoped for and most of them were the direct result of my coverage right here in this room. It’s truly remarkable what happens here every Thursday night and I wouldn’t have traded it for any other beat on or off of campus. I’ve sat through the good times, the tough, unpopular times, and the painfully dull times, but the things I’ve learned as a journalist are incalculable, like knowing at what point to stop transcribing director’s reports, or how to give context to a quote by senator Medovich. During the debates over Student Publications, I learned what it really meant to remain unbiased. There’s a saying concerning ethics that goes “Would you be ashamed if it appeared on the front page of the paper?” I believe that particular debate brought tangibility to this saying, at least here on the senate floor. If I can offer one piece of advice it’s this: don’t worry about the front page of the newspaper, while it’s my duty top report the events without bias, it’s yours to engage without concern for bias or the biases of others.

Thomas Paine once said “These are the times that try men’s souls,” and I’d like to believe he meant all times, because the world is divided at heart and yet often mediocre in action and speech. Don’t settle for being merely a politician with a political ideology, strive to be an activist with a passion, and furthermore don’t get boxed in. George Orwell began his career as one of the great proponents of socialism and yet ended it with the novels Animal Farm and 1984. Likewise, on Monday I stood out to protest the General Petraeus lecture, but do you think that will stop me from attending Warren Buffett’s investors talk this weekend? The party-line is simply the deficit of small minds, and is something we should all actively resist. To end with the words of someone far more eloquent, Gandhi once said, “Honest disagreement is often a good sign of progress.” So continue to disagree, senators, but remember to do so honestly.

Thank you for all of your time, thank you for the paychecks, and thank you, most importantly, for the front page.

   • Banion- Farewell speech

As I saw my time in student government coming to an end for a second time, I pondered about what I might speak about in my final-final address to this body. I considered many different topics on which to base my speech on ranging from what traits make a leader to how you need to seize opportunity to how to be successful. No small task for the enormity of the situation in which I’m supposed to offer pithy and helpful advice that miraculously changes your life all in this short amount of time. Will your life change radically after this speech? Probably not. Will a light shine down upon you with celestial choirs singing during your epiphany? All signs point to no…. Will you walk out of here any better from having listened to me without claiming “Well, I’m not getting any of that time back…thanks Tanner? I hope so.

I’ve spent my fair share of time in front of those who claim they have the answers to leadership, success, life and whatever else that ails you. I liken some of these people to modern-day snake oils salesman because the journey of life is not cookie-cutter. Life is lived by people with different skill sets, motivations, goals and aspirations. There has never been nor will there ever be two lives lived the same and so I find catch-all type fixes and advice to be somewhat disingenuous. What someone decides to do with their lives and how to live it is a deeply personal journey for every individual. As individuals, no matter how stubborn or seemingly independent a person seems, we need others to recognize what we do, how we act, what we accomplish and what we strive for. Yet most people seem to think that this shows a weakness of character when in fact it cuts to the very heart of building one’s character. The strength of one’s character can cut in many directions. It can be there to protect you, it can be there to help others. Yet it can also become corrupted and detrimental to not only yourself, but others that you encounter.
Character is your life’s business card. It is something that will always be on your person to show others but can easily be damaged and is very difficult to repair once frayed. Written on it is the totality of your deeds and actions throughout your life. It is a testament to your nature and represents a strength that nobody can get at unless you allow them to. The great thing about character is that there are so many ways to grow it. Remember to always be a person who shows love or kindness to those around you and those you encounter. I’m not a religious person but I found the quote “Your life may be the only Bible some people read” to be very powerful. It is a metaphor for living a life that you would be proud to hold up as an example for others due to the strength of your character. Character is what rallies us to do the right thing for not only ourselves, but also in the service of others. Your character is the roof against the rain, the foundation beneath the house, the shield against the arrows and the light within the darkness.

John Quincy Adams once said, “If your actions inspire others to dream more, learn more, do more and become more, you are a leader.” That is what I think is the most important measure of one’s character and life. That if a person can change even one person’s life for the better through our words or actions, than it will speak greatly towards our character. You will probably not receive awards or recognition; you will not receive material wealth and will probably never have a ticker tape parade thrown in your honor for doing such things.

As I said, I’m not a very religious person but a quote by Thomas Paine adeptly captures the sense of what character is and how it is needed in one’s life. “Reputation is what men and women think of us; character is what God and angels know of us.” Be sure to live life by the golden rule in which you should treat others as you wish to be treated. When all is said and done and when you look back upon your life, reach into your pocket and pull out your business card. How does it look? Has it been damaged? Does it look crisp and new? But most importantly, how do you feel about what’s on it?

As I don’t get up to speak that often…I swear…I promise I’ll be brief.

I have no sappy goodbyes say and no draw out advice to give.

Your experience as a Student Senator will and always has been what you make of it. Thus, I have no secrets to ensuring that time you spend in this room will be as beneficial to you, as the four years that I have spent here have been to me. With that in mind I will simply share the two most important things I have learned throughout the past four years in the hopes that, by sharing my own experiences I might change the way you choose to shape your own.

The first lesson, can be summarized in quote by Theodore Roosevelt. “It’s not the critic who counts, not the man who points out how the strong man stumbled, or when the doer of deeds could have done better. The credit belongs to the man who is actually in the arena; whose face is marred by dust and sweat and blood; who strives valiantly; who errrs and comes short again and again; who knows the great enthusiasm, the great devotions and spends himself in a worthy cause; who at the best, knows in the end the triumph of high achievement; and who at worst if he fails, at least fails while daring great, so that his place shall never be with those cold timid souls who know neither victory or defeat.”

If you ask me, while Student Senate is certainly place where the ability to recognize the shortfalls of policies and programs is important, it is not a place for people who simply like to complain, or people enjoy criticizing the hard work of others. Student Senate is place for action-oriented individuals—who chose to show up every week—not because it looks good on a resume, but because they are passionate about serving the needs of the K-State Student Body. We don’t get right every time, but we’re here and we’re willing try. So if you’re going to be here, be here. Pay
attention to what’s going on. Understand the issues before you vote on them. Don’t sit back and criticize the work of your peers, participate in the process. Speak out, debate on floor, make your opinions heard. When you come out on the winning side, celebrate your accomplishment, when you come out on the losing side choose recognize the legitimacy of the process, the intelligence and dedication of the people around you, and celebrate the accomplishments of your peers.

Next lesson is primarily for the interns…

The most memorable moments you will have within this body will have little to do with the initiatives you work on, the bills your write, or the things you accomplish. The large majority of the memories that I will take away from my time in SGA will be of the time I spent with members of this body outside the Big 12 Room. Rarely in life will you have an opportunity so much like this one, in that rarely will you have the opportunity to be surrounded by such an outstanding group of young people. The people in this room are smart, their hard working, and they are passionate about what they do. But more than that they genuine, outgoing, very fun people will likely become some of your very best friends. Take the time to get to know them.

It has been an absolute honor to serve along side so many of you. I will always be grateful for the many ways in which you have shaped by years at K-State.

One year ago I stood before last year's Senate body and gave a farewell speech. I said goodbye to all the amazing friends I had made, said thank you to all those who had shaped the person I had become, and told stories of all the amazing experiences I had as a member of this organization. That was a year ago. And while I will still say goodbye to each of you and I will still say thank you to many of you, tonight's comments will be much different.

I have spent five year's worth of Thursday nights sitting in this room, the last two of which I have spent at this front table. While I did some speaking and some explaining, probably more than some of you would have liked me to do, mostly I did a lot of watching. I watched timid interns make their first speeches on the Senate floor. I saw senators rise to debate on controversial issues on the side that they believed was right. I watched individuals speak out for the rights of students when they felt passionate about a topic. I watched many of you expand your capabilities as leaders and I could not be more proud.

However, as much as I want to spend my short time talking to you all tonight about the successes and accomplishments of this year, there are more important things in my opinion that need to be said.

As much as I don't like to believe it, student government is politics and probably always will be.
While it is inherent in an organization like this that there will be disagreements and differences of opinion, I have always spoken about our student government as a body that works together; A group of students who are willing to put their individual opinions to the side and work towards a positive solution for all; A group of students who do not criticize others for their opinions, but rather students who foster a sense of community and openness.

I was sad to see these strong principles waver this year. There were times this term when members of this body chose to work against each other; times when our individual opinions and wants were prioritized above the betterment of SGA. There were times of no community and no sense of openness. There is no question that these times were our weaker moments of the year. Days when the Collegian’s headlines were embarrassing to read and days I had senators in my office so upset because of the way other Senators had treated them – These were days I was not proud. Forgive the cliché, but together we stand, divided we fall. I was sad to see us fall on a couple of issues this year – we could have done better.

But, I am not a person who looks backwards – only forwards. So for those of you returning and will give one piece of advice. Respect each other. I am not ignorant. I know that each of you come to this room each Thursday night with different backgrounds, different opinions, and different agendas. However, we are all K-State students. We all take classes and are involved on campus. We are more similar than many of you think. Each week we all give up our time and effort to serve this crucial organization and each of you deserves the respect for that. From the Student Body President and Speaker of the Senate, to the SGA Advisors and Faculty Senate Representatives, to the Senators and Interns – each of us should respect each other, both inside this room and outside of it. It is when this respect falters, when we begin to tear each other down through criticism, pointing out the errors and flaws made, that we are truly in danger of failing as an organization because we no longer see the value in working together. If a mutual respect is achieved between all members of SGA next year, I see no reason why your group will not achieve all of your goals and I wish you the best of luck doing so.

To conclude my comments tonight on a positive note, I want to say thank you to each and every one of you for spending this year as a member of SGA. When you get to your senior year, or even your second senior year, it seems amazing the amount of dedication our student leaders have to improving their university and I am so proud of each of you for making that commitment. It has been a pleasure getting to know many of you.

(Shout out to various individuals)

To keep this short, I am simply going to say I am so thankful to have gotten to know each of you in this room and I wish you all the best of luck in your future endeavors.
