BILL 95/96/05

CHANGE OF EFFECTIVE DATE OF PREVIOUSLY PASSED
BILL: DATE OF SGA ELECTIONS

BY: Bill Muir

SUMMARY: Bill 94/95/108 changed SGA elections from the second (2nd) full week of April to the second week before Spring Break. It was passed by the 1994-1995 Student Senate on April 20, 1995, by a vote of 5 1-3. Because of an error in the effective date, Bill 94/95/108 is in violation of the SGA Constitution and therefore constitutionally inoperable as written. This bill is necessary in order to correct that problem: The original 94/95/108 would have its effective date changed to the elections held in March of 1997. The reasons behind the original bill and this bill remain the same: Adequate time is needed before the end of the school year for the Student Body President, Student Senate Chair and others to make, and the Student Senate to approve, appointments to important positions; may of which function during the summer months. Student Body elections would be established in 1997 at two weeks before Spring Break, so that adequate time would remain for a smooth and efficient transition before the end of the year.

BE IT ENACTED THAT:

SECTION 1. Section 2 of Bill 94/95/108 is hereby amended to read as follows:

SECTION 2. This bill shall take effect at the beginning of be effective for all elections after the 1995 1996 legislative term 1996 general election.”

BILL ADOPTED ON ROLL CALL VOTE OF 55-0
FEBRUARY 8, 1996
BY: Privilege Fee Committee, Jeff Peterson, John Potter, Brad Finkeldei and Jenni Cheatham

WHEREAS: A system of linear fees has been adopted by the Board of Regents and the State Legislature; and

WHEREAS: Campus Privilege Fees have been converted to a linear fee system by President Wefald for FY 1997; and

WHEREAS: Student Senate is responsible for governing all campus Privilege Fees; and

WHEREAS: Student Senate needs to create guidelines and procedures to adequately allocate the Campus Privilege Fees.

BE IT ENACTED THAT:

Section I. REVENUE PROJECTIONS FOR CAMPUS PRIVILEGE FEES

The revenue projection for Campus Privilege Budgets will be based upon the total number of credit hours generated during the summer session, fall semester and spring semester of the year most immediately prior to the year for which the campus privilege budget is being established or reviewed (i.e. the base for campus privilege fee projections for the 1996-1997 academic year--FY 97--will be the total credit hours generated from main campus and Vet Med in the summer session 1995, fall semester 1995 and spring semester 1996.)

Section II. CAMPUS FEE BUDGETS

Budgets will be established for each Campus Fee as follows:

A. Budgets for the Board of Regent mandated fees and fees which support debt financing will be equal to the actual collection of revenues. Fees currently included in this category are: Educational Opportunity Fund, Recreational Complex Debt Retirement, Recreational Operations, Library Expansion, K-State Student Union Enhancement.

B. The remaining Campus Fees currently include: Student Health, K-State Student Union Repair & Replacement, Recreational Complex Repair and Replacement Reserve, Student Activity, Office of Student Activities and Services, Student Publications, Recreational Services, KSDB-FM, Athletics, Fine Arts, Student Publications Equipment, Bramlage Repair and Replacement, and K-State Union Special Program. These budgets will be set as follows:

1. In Spring 1996, every Campus Privilege Fee will be converted to a Campus Privilege Budget equal to revenue projections made for 1996-1997 as specified in Section I of this procedure.
2. Campus Fee Groups that are up for review in that year will be requested to submit their budget request as a dollar amount. Their budget request should include all sources of revenues, all expected expenditures, any balance forwarded and any assumptions the group used in developing their budget request (including assumptions on usage patterns).

3. The Privilege Fee Committee will consider each budget and make a recommendation to Student Senate.

4. After all budgets are approved by Student Senate, Senate will work with the Associate Vice President for Administration and Finance to discuss the statistical modeling of various ways of arriving at the projected needed income (i.e. adjustments in linear rate or flat rate).

5. In the Fall, all additional revenues which accrue because of additional credit hour production beyond the base used for projection will be deposited in either the Campus Fee Adjustment Account or the Campus Fee Reserves Account subject to the provisions of Section III of this procedure.

6. Two Weeks after the Spring 20th day enrollment figures are released, Campus Fee Areas not up for Review, may request an usage budget adjustment from the Privilege Fee Committee. The Privilege Fee Committee will make recommendations to Student Senate which could approve the budget adjustment with a 2/3 vote.

7. Requests for unforeseen budget adjustments (equipment failure, unexpected increases in costs, etc...) can be made to the Privilege Fee Committee as needed throughout the academic year.

8. In the Spring, those Campus Privilege Budgets up for review can either remain constant, decrease, increase, and/or be adjusted with a supplemental budget enhancement in lieu of a base budget increase.

9. The Privilege Fee Committee will work with the Privilege Fee groups to submit a report to Student Senate evaluating the transition and effectiveness of the new Fee system.

Section III. CAMPUS FEE ACCOUNTS

A. Additional revenues which accrue because of additional credit hour production beyond the base used for projections will be deposited in either the Campus Fee Adjustment Account or the Campus Fee Reserves Account as follows:
   1. Fifty percent (50%) of the additional revenue will be deposited into the Campus Fee Adjustment Account.
   2. Fifty percent (50%) of the additional revenue will be deposited into the Campus Fee Reserves Account to maintain a 2.5% base level of the total Campus Privilege Fee base budget. (currently 7,652,000 x .025 = 191,300).
3. When the Campus Fee Reserves Account reaches its minimum of 2.5% of the total base, the excess revenue will be placed in the Campus Fee Adjustment Account.

4. If enrollment decreases are anticipated, some portion of the Campus Fee Adjustment Account will be placed into the Campus Fee Reserves Account to assure the minimum limit can be maintained throughout the enrollment decrease.

B. The monies deposited in the Campus Fee Adjustment Account can be allocated to the Privilege Fee groups for the following:

1. Unforeseen budget adjustments.
2. Usage budget Adjustments
3. Supplemental budget enhancements in lieu of budget increases.
4. Deposited into the Campus Fee Reserves Account.
5. Used to repay bonds outlined in Section II.A. of this procedure.

C. The monies deposited in the Campus Fee Reserves Account can be allocated to the Privilege Fee groups the following:

1. Usage or unforeseen budget adjustments during enrollment decreases.
2. Supplemental budget enhancements in lieu of budget increases.

SUMMARY: Currently, the SGA Treasurer/Allocations Chair is chosen by the outgoing Student Senate Chair, the outgoing Vice Chair, the outgoing Coordinator of Personnel Selections (Senate Operations Chair) and the outgoing Treasurer/Allocations Chair. This is the only Senate committee chair that is selected and appointed by the outgoing Senate. The idea behind early selection of the Treasurer/Allocations Chair was to make sure that the post was filled before the summer to ensure that paperwork would get done. By moving the 1997 election date forward, there is no need to select the Treasurer/Allocations Chair before the other committee chairs. This bill would make the selection process for every committee chair the same and also ensure that they are approved by the same Senate under which they will operate.

BE IT ENACTED THAT:

SECTION 1. Article V., SECTION 9.F.2.a. of the KSU SGA By-Laws is amended to read as follows:

a. SGA Treasurer, appointed by the Chairperson of the Student Senate in consultation with the Vice Chairperson of the Student Senate, Coordinator of Personnel Selections, Chairperson of the Senate Operations Committee and present Treasurer, who shall be the chairperson of the committee. The appointment shall be subject to the approval of Student Senate.

SECTION 2. This bill shall take effect upon passage and the ratification of Bill 95/96/72.

BILL FAILED 36-18 LACKING A 2/3RDS MAJORITY OF SENATE FEBRUARY 5, 1996
BY: LeDoux and Muir

SUMMARY: The KSU SGA Constitution provide that proxies may be given by Student Senators to other Student Senators for voting in Student Senate Meetings. The By-laws to the SGA Constitution are silent as to whether proxies are allowed in Standing Committees. As the SGA Constitution and By-Laws are “grants” of power, any purported use of proxies without authority in these two documents or the Standing Rules would be questionable. In order to prevent any misunderstanding, the following amendment to the By-Laws would fully clarify the matter.

BE IT ENACTED THAT:

SECTION 1. Article V., SECTION 9.D. of the KSU SGA By-Laws is amended to read as follows:

D. Unless otherwise provided by these By-Laws, membership of each standing committee shall be made up of Student Senators, Student Senate Interns and Students-at-Large, all of whom shall be voting members of their respective committee. Unless otherwise provided by these By-Laws, students-at-large on standing committees shall be appointed by the chairperson of the committee in consultation with the Chairperson of Student Senate. Proxy voting is prohibited in standing committees.

BILL PASSED BY 2/3 VOTE OF 47-0
MARCH 7, 1996

F. WHEREAS: College Councils, Multicultural Student Organizations and International Student Center organizations are all UAB registered organizations that would benefit from both (1) an increase in the College Council Fee Sub-Line Item budget of the Student Activity Fee Line Item budget for College Councils and their organizations and (2) the creation of a new International Programs Fee Sub-Line Item budget that would be funded at the same level that MSO’s and ICC organizations have been receiving for years; and

WHEREAS: This College Council Fee Sub-Line Item budget increase would expand the hundreds of College Council programs and events that are showcased every year on campus and alleviate some of the time-consuming “budget-axing” that all nine College Councils usually perform every year during allocations; and

WHEREAS: The new Multicultural and International Programs Fee Sub-Line Item budget would not only lessen the burden for Student Senate and the Allocations Committee of reviewing dozens of budget requests each semester, but would also symbolize the Student Governing Association’s commitment to its multicultural and international students and the numerous educational and cultural programs these individuals sponsor on our campus yearly; and

WHEREAS: The new linear fee system has created fee budgets for all privilege fees; and the following budgets are projected to be (1) the Office of Student Activities and Services Fee Line Item budget $139,358, and (2) the Student Activity Fee Line Item budget $172,660 broken into three segments - (2a) College Council Fee Sub-Line Item broken $60,129, (2b) Academic Competition Team Fee Sub-Line Item broken $15,857 and (2c) Student Activity Fee - General Line Item broken $95,139;

SUMMARY: The creation of the office of Sergeant-at-Arms is an honorary position, in a sense. This person is not required to be an active member of Student Senate and no attendance policy will he/she be held to. This is a position for someone the Senate wishes to honor as a friend.

WHEREAS: No position of Sergeant-at-Arms exists in the Kansas State Student Senate; and

WHEREAS: It has been made painfully obvious there is a necessity for the position due to the past, present, and expected future unruliness of senators, interns, visitors, and administrators; and

WHEREAS: The creation of this position would add more color and spice to sometimes dull meetings.

BE IT ENACTED THAT:

SECTION 1. Article V, Section 3 of the Kansas State SGA By-laws to the Constitution be amended to read:

E. The office of Sergeant-at-Arms, appointed by the Student Senate Chair and Vice Chair and approved by a majority vote of Student Senate, shall be responsible for the following duties:

1. Convening the meeting by announcing the following cry: “Hear ye, hear ye. The KSU SGA Student Senate meeting for the night of__________ shall now commences its agenda. All ye present shall take seat in a chair and desk and prepare for the calling of the orders by Student Senate Chair

2. The creation, maintenance, and use of the Official Student Senate Sergeant-at-Arms Mace, which will be used to deter defiance of the Sergeant-at-Arms cry.

3. The cry of the Sergeant-at-Arms will be spoken in a boisterous, loud way in which to draw attention and maintain the spirit of the office.

4. If the Sergeant-at-Arms is not present when the Student Senate Chair wishes to call the meeting to order, the cry is not spoken and the meeting will begin as if there were no Sergeant-at-Arms. The Sergeant-at-Arms shall be required to attend no committee meetings, no visitations, no workshops, no office hours, and not be hindered by any other attendance mandate.

5. The Sergeant-at-Arms will maintain speaking privileges on the floor of the Student Senate.

6. The Sergeant-at-Arms, using his/her judgement in consultation with the Student Senate Chair, may throw any person out of a Student Senate meeting.
E. Student Senate may create offices it sees fit by a majority vote of Student Senate.

SECTION 2. This legislation shall take effect upon passage.

Within eight days after passage, every bill or resolution requiring the approval of the Student Body President shall be signed by the Chairperson of Student Senate and presented to the Student Body President. If the Student Body President approves the bill or resolution the President shall sign it. If the Student Body President does not approve the bill or resolution, the President shall return it, with a statement of objections, to the Chairperson of Student Senate, who shall cause the veto message to be read at the next meeting of Student Senate. Whenever a veto message is so received, the Student Senate shall have eight days to reconsider the legislation and such action shall be deemed final. If two-thirds of the total membership of Student Senate shall vote to pass the legislation, it shall take effect, notwithstanding the Student Body President’s veto. If no written veto is transmitted to the Chairperson of Student Senate within eight days after receipt of presentation to the Student Body President, the legislation shall take effect as if the President had approved it.

RESOLUTION 95/96/24

AMENDMENTS TO STUDENT
SENATE STANDING RULES

BY: Senate Operations Committee

SUMMARY: This Resolution would amend the Student Senate Standing Rules in two sections. Questions have been raised as to when reconsiderations can take place. Under the KSU SGA Constitution, bills and resolutions requiring the signature of the Student Body President have eight days in which they can be presented to the SBP by the Student Senate Chair. This proposed change would allow reconsideration of a previous action at which it took place or at any meeting of the Student Senate held during the eight-day time period (if the legislation were still in the possession of the legislative branch). The second proposed change involves the physical presence of persons appointed to positions subject to the approval of Student Senate. That requirement would be eliminated under this proposal.

BE IT RESOLVED THAT:

SECTION 1. Article V. of the Student Senate Standing Rules be amended by adding a new subsection to read as follows:

F. A motion to reconsider final action on a bill or resolution requiring the signature of the Student Body President is in order at any meeting of the Student Senate, if the bill or resolution is still in the possession of the legislative branch.

SECTION 2. Article IV., Section C. of the Student Senate Standing Rules be amended to read as follows:

C. Resolutions for the approval of appointments shall require one reading. Person(s) receiving an appointment shall attend the meeting at which they are to be appointed, if they fail to attend that meeting, their appointment shall be postponed until the next Student Senate meeting they attend.

BY: Academic Affairs Committee

SUMMARY: Through the General Education proposal, each student will be required to take 18 credit hours outside of their major, 1/3 of which shall be 300 level courses or above. Each proposed General Education course must be approved by the General Education Task Force and Faculty Senate Academic Affairs Committee. 3) Foster Connections to Other Areas of Thought and Experience. Emphasize a whole rather than a part in order to challenge students to seek the connections across knowledge, to focus on the relationships among ideas.

WHEREAS The General Education proposal furnishes courses and experiences designed to broaden students’ education by exploring topics and issues beyond the limits of their chosen fields of study and,

WHEREAS Employers are looking for graduates with breadth of knowledge, analytical skills, and the ability to work as part of a team and,

KANSAS STATE UNIVERSITY BUDGET

BY: Governmental Relations Committee

WHEREAS In order to maintain a prosperous university it is vital that Kansas State University receives adequate funding and;

WHEREAS Main Campus will retain more than 63 full time employee positions and $460,000 in Other Operating Expenses in the Governor's budget, and

WHEREAS Kansas State University must maintain competitive wages for our staff, both classified and unclassified in order to ensure competent help and to keep up with our peer universities.

WHEREAS Kansas State University requested a 2.5 percent salary increase for all staff and student wages and was given the increase for 1/2 year and;

WHEREAS The elimination of the longevity bonus program would cause morale problems among our most valuable classified staff, those who bring experience of ten years or more to the University, this program should be left as it has been in previous years and;

WHEREAS Tuition Accountability was recommended by the Governor. Under this plan the university will be allowed to retain tuition associated with enrollment growth and a portion of revenue associated with tuition rate increases to address funding equity.

ADDITIONAL FUNDING OF FARRELL LIBRARY

BY: Governmental Relations Committee

WHEREAS Farrell Library was originally constructed in 1927. With the continued growth of the university the library was expanded in 1955 and 1970, and,

WHEREAS In recent years the library has become increasingly pressed for space to physically accommodate information while still providing adequate seating and services to students, faculty and staff, and

WHEREAS His need was recognized by students, the Board of Regents, the Governor and the Legislature in 1992 when the University was appropriated funds to construct a new major addition and renovation to the library, and

WHEREAS There have been several change orders and additional expenses involved in the construction and enhancement of Farrell Library, and

WHEREAS Although the base bid, with two add-alternates, exceed the original estimates construction costs by $1,865,000, the negotiation committee and the architect recommended accepting the lower bid. This was accomplished by transferring funds from the construction contingency, site improvement, miscellaneous and equipment budgets to the construction budget, and

WHEREAS Using money from these other budgets will cause a significant loss in program space, some site improvements and most of the furnishing budget, and

WHEREAS Additional funds are required to restore these items to the project. The value engineering process has helped refine the amount of funds necessary to complete the original program requirements, and

WHEREAS Kansas State University has requested $1.63 million to fund the completion of the Farrell Library construction project, and

WHEREAS The governor and his budget director has included this money in their recommendations to be taken out of the educational building fund.

RESOLUTION 95/96/52  SUPPORT ISSUING MULTIPLE YEAR BONDS FROM THE EDUCATIONAL BUILDING FUND

BY:  Governmental Relations Committee

WHEREAS  Several aging buildings at Regent institutions are in a deteriorating condition and,

WHEREAS  Many buildings at our institutions of higher education are not accessible or in compliance with the Americans with Disabilities Act, and

WHEREAS  Major repair and construction for university buildings comes from a 1-mill level Educational Building Fund, and

WHEREAS  Construction costs have risen by 268% at our state universities since 1970, which averages an 11% inflation rate based on statistics kept by the Kansas Board of Regents office, and

WHEREAS  Major construction projects have bid much higher than expected which has caused equipment budget dollars to be shifted into construction budgets and in some cases not awarding the contract at all. Examples include addition and remodeling Farrell Library at Kansas State University, Hoch Auditorium replacement at the University of Kansas and Cancer Center at the University of Kansas Medical Center, and

WHEREAS  Construction costs on campuses across the state are estimated to increase at least 6% for the next seven to eight years, with some major architectural offices using figures as high as 8-10% to be on the safe side, and

WHEREAS  The interest rate for long term bonds is averaging at a relatively low rate of 5.1% as opposed to 6-10% construction inflation, and

WHEREAS  The Educational Building Fund produces approximately $15 million a year which over 15 years generates $225 million. But because of inflation $15 million now will only be worth $6.26 million in 15 years and the $225 million total will be reduced to $146 million, and

WHEREAS  Issuing bonds from the Educational Building Fund will not only give Kansas the opportunity to use this fund’s money at its greatest value, it will also give us the benefit of using this new construction, stop the deterioration of certain buildings and make several buildings in compliance with ADA requirements years before it would be possible if we simply wait year by year for the money to come in and,

WHEREAS  The Governor, Governor’s Budget Director and the Joint Committee on State Buildings all recommend this idea.

BE IT RESOLVED THAT:

SECTION 1. The Kansas State University Student Governing Association supports the concept of issuing bonds from the Educational Building Fund.
