K-State Exchanges *Out-of-state students pay in-state tuition!*

University of Hertfordshire, Hertsfield, England

<http://www.herts.ac.uk>

An hour from London, the University of Hertfordshire gives you the best of both worlds: you'll live in an active university town with pubs, cinemas and shopping centers, but have easy access to the bustle and nightlife of London. Students will pay tuition and fees and K-State and housing costs to the host university. Take classes in math and computer science, among other subjects. This exchange is best for a full-year or spring semester, since fall term runs until late January.

Växjö University, Växjö, Sweden

<http://www.vxu.se>

The city of Växjö, with 70,000 inhabitants, is a charming city with lakes, fountains, and a 700-year old castle. It also contains many cultural attractions such as theaters and museums, and has an active nightlife. The second largest university in Sweden, Växjö University enrolls 15,000 students, including many international students. Classes are taught in English in many disciplines, including about 30 classes in computer science, as well as many math classes. Students on this program will pay tuition, fees, room and board to Kansas State.

Yuan Ze University, Taoyuan, Taiwan

http://www.yzu.edu.tw/eng_2003/

Gain valuable international experience for the job market by studying at one of the most dynamic private universities in Asia. Numerous courses in computer science and information management are available in English. Students will pay tuition and fees to Kansas State, and room and board to Yuan Ze University.

Instituto Tecnológico de Estudios Superiores de Monterrey (ITESM), Mexico

<http://www.studyattecde monterrey.com.mx>

Study at one of nine different campuses, from Mazatlan to Guadalajara to Cuernavaca, at this renowned private university. Campuses range from mountainous and cool, to beachfront and hot, from large urban centers to small towns with a rich historical flavor. All schools offer internships for academic credit and students also have the opportunity to volunteer in local communities. In addition, most students take advantage of living with a Mexican host family, cultural excursions, and intramural sports. Students can study Spanish language at any level, from no previous Spanish to near fluency. In English, classes in computer science, information systems, and math are offered, as well as several humanities and social sciences classes. Students pay tuition and fees to Kansas State.

Bogazici University in Istanbul, Turkey

<http://www.intl.boun.edu.tr>

Istanbul is a beautiful city full of culture and history and has a warm Mediterranean climate. The city straddles Asia and Europe, making it a wonderful location for traveling. Bogazici University was founded in the 1860s by an American and has always been an English-speaking university, which means that all classes for its 10,000 students are in English.

Chinese University of Hong Kong

<http://www.isep.org>

K-State is a member of ISEP, an international exchange program that allows students to study at universities all over the world while paying tuition, fees, room and board to Kansas State. At the Chinese University of Hong Kong, almost half of the classes are taught in English, and classes are offered in math and many other subjects. Explore Asia from this unique location. ISEP has early deadlines, so begin research early.

MAUI Programs, Ireland and Denmark

<http://www.umsl.edu/services/abroad/maui>

Through KSU's membership in an organization called MAUI (Mid-America Universities International), students have the opportunity to pay tuition and fees to K-State and housing and board to a host university in Europe. Many of these universities offer a number of classes in English. MAUI deadlines are in February for the following academic year.

- The University of Aarhus in Denmark has classes in math and computer science in English. Situated on the waterfront, Aarhus is never far to sunlit beaches or refreshing green woods, but it also offers all the usual city comforts, such as restaurants, cafes, parks and gardens, art galleries, shopping centers, and nightclubs.
- University College Cork offers classes in math and computer science, as well as in many other subjects. Study on this beautiful campus in the second largest city in Ireland.

K-State Affiliations

Deakin University, Geelong, Melbourne and Warnambool, Australia

<http://www.deakin.edu/international>

Deakin is one of Australia's largest universities and attracts students from all over the world. Students are welcomed with a three-day orientation that includes surfing on the beach or hiking in the mountains before going to one of Deakin's three campuses. You can spend the semester enjoying bustling Melbourne or the beautiful seaside resort of Warnambool, or get the best of both worlds in the coastal city of Geelong. Take classes in math, as well as in many other subjects.

Other Programs

Budapest Semester in Mathematics, Budapest, Hungary

<http://www.stolaf.edu/depts/math/budapest/>

This study abroad program, run by St. Olaf's College in Minnesota, was designed for math and computer science majors. You can take advantage of Hungary's long tradition of excellence in mathematics by taking upper-level math courses taught (in English!) by highly respected Hungarian professors from the Technical University of Budapest. You'll take 3-4 intermediate or advanced math classes per semester, as well as one or two classes in Eastern European culture, language, or history. You will live in the center of historic Budapest, a beautiful city well-situated for European travel.
