- Meet with potential customers at their homes or business locations
- Design and sell landscape projects
- Generate proposals and work through the bid process with customers
- Manage, resolve and implement any client issues
- Supervise crew work schedules, allocate equipment, manage inventory and customer satisfaction
- Establish and maintain relationships with clients all year long to build positive word of mouth referrals

Job Qualifications:

- Minimum 2-5 years experience in the green industry
- Minimum 2-year degree in Landscape Design or Landscape Architecture/Horticulture or Proven Experience in the Industry
- Ability to use design programs, landscape estimating software & Microsoft Office
- Horticulture knowledge of plants and landscape/hardscape material
- Superior sales and customer service experience
- Superior time management and prioritizing skills

Requirements:

- Leadership, communication and organizational skills
- High level of motivation and professionalism
- Superior customer service
- Skills to develop and create an excellent customer following
- Flexible schedule

Compensation & Benefits:

- Competitive Base Salary + Commission
- Paid holidays
- Paid vacation
- IRA Match
- Health Insurance Reimbursement
- Company Vehicle for work
- Phone Reimbursement
- Paid continuing education courses/certifications

To be considered for this career opportunity, please submit cover letter with salary expectations and resume.
