

Job Title: **Summer Intern**
Club/Course: **Fenway Golf Club**
Address: Old Mamaroneck Road
City/State/Zip: Scarsdale, NY 10583
Contact Name: **Robert B. Alonzi**
Phone: 914-472-1467
Fax: 914-722-4361
Email: ralonzijr@hotmail.com

Educational Requirements: Currently enrolled in turf management or related program.

Experience Requirements: Golf course experience preferred but not necessary.

Special Requirements: Seeking a dedicated individual with a strong work ethic and positive attitude. The intern will work with our management team to become proficient in daily course preparation, agronomic practices, irrigation repair and maintenance, fertilizer/plant protectant calibration and application, record keeping, hand watering and water management. Successful intern will have an excellent opportunity for post-graduate advancement within the company.

Salary Range: \$12 to \$13 /hr plus OT.

Benefits: Housing, free WIFI, uniforms, some meals and golfing privileges.

Date Available: Spring 2017

Comments: Fenway's stature as one of the pre-eminent golf clubs in Westchester results from the time tested greatness of its golf course. The course, designed by A. W. Tillinghast, one of America's greatest architects, opened on July 4, 1924. Fenway's sloping greens, deep bunkering and deceptively difficult landing areas, have proven time and again that this golf course need be compared to no other and stands on its own as a premier test of golfing excellence. In 2000, Golf Course Architect Gil Hanse was retained to perform "a gentle restoration" of the original Tillinghast design.

The membership continues to make upgrades and improvements to the golf course. Gil Hanse has been hired to update the Master Plan. Phase I of the Master Plan update is currently underway.
