II. **12:30 Presenter:** Shanna Legleiter, HCS Director of Learning and Development and Samantha Roberts, HCS Learning and Development Coordinator on the Needs Assessment for Professional Development survey; The survey was launched on Monday, March 6, 2017. There had not been a needs assessment done since 2010. K-State wants to foster a culture of lifelong learning. The survey is part of a 6 step model with 6 different categories. This particular survey is not about personal life. This survey will try to hit most employees with a very broad focus. This is a campus wide effort. There will be paper surveys available for Housing and Dining and Facilities. Questions and comments are welcome. The findings from the surveys will be presented in K-State Today.

**12:45 Presenter:** David Adams, KPERS Board of Trustees Candidate;
Mr. Adams is on the KPERS Board of Trustees ballot for the Non-School spot. Only 2 of the trustee spots are voted in with the others being assigned. There are 2 candidates for each of the 2 positions. The term for the position is 4 years. The ballot is available at KPERS.org or ballots will be mailed out April 1-30.

III. **HCS Reports:** Derek Smith, Director of Compensation and Organizational Effectiveness and Gina Lowe, HCS Liaison; Derek spoke about 2 items.

a. The President’s Awards of Excellence - There have now been enough nominations receive in all categories to proceed. HCS would like to announce all of the employees that have been nominated and their nominators. The hope is that this would encourage more people to make nominations. This may lead to uncomfortable situations when someone is told they were nominated but the nomination was not done in time or incorrectly. Could this be done this year or would it be better to wait until next year? The Senate decided that would be better to wait until next year.

b. Total Rewards- Implementation should be very soon. Employees should be receiving a formalized letter from HCS. The official changes are expected in June. There will only be changes to wages for a few employees. Everyone needs to buy in to this program for it to work. That means that supervisors need to tell their people. There will be 6 training sessions for HCS business managers in March starting on the 13th. HCS with the help of iT will be entering the new job titles. There will be a HCS representative at the Open Forum. Evaluations need to be standardized. Meet and Confer should be completed very soon.

IV. **Admin & Finance Liaison Report:** Tara Fronce;
**Budget-**Callback notices were recently sent out to vice presidents and deans. A one-time across-the-board reduction of 2.21% from general use funding was requested for FY17. The callbacks will be used to backfill the Main Campus tuition revenue shortfall that resulted from enrollment and student credit hour declines and to reimburse for scholarships that were authorized last spring to bolster enrollment. In addition, funds were requested to offset a one-time deficit accumulated in central scholarship accounts due to greater than anticipated retention of scholarships among awardees. The one-time 27th pay period funds were allocated with the callback and partially reduced each unit’s respective callback amount. Revised callbacks will be distributed later if the Legislature approves additional state general fund reductions in FY17.

**Weapons Advisory Work Group-**Weapons Advisory Work Group is working on updating the concealed carry website to provide additional information. Shanna Legleiter is working on developing an online training module that we hope to have available in June. The KBOR Governance Committee has asked each university to disclose any locations with permanent and temporary ASMs and restricted access areas in April.
**Space Migration Work Group** - The Space Migration Work Group will begin reviewing the final proposals this week. There are 15 total proposals. The final outcomes will be announced in mid-April.

Foundation Account (C-21151-CS) has a balance of $8,321.98; Foundation Account (C21155-CS) has a balance of $242.35; Foundation Account (C23750-CS) Awards Ceremony has a balance of $2,450.00; State Account (NMAF205629) has a balance of $1,122.00; for a total balance of $12,136.33. Brittany Green moved to accept the budget/treasurer’s report. The motion was seconded by Jane Cleveland. Motion carried.

a. USS Employee Opportunity Fund Report

VII. President’s Report: Carrie Fink
There will be slight change in the University’s Principles of Community diversity statement.

The Peer Review group will be meeting again next Tuesday and this will hopefully be the last meeting necessary.

VIII. Old Business: No old business.

IX. New Business: Probationary employees are not mentioned in the by-laws. Do we want to change that? When Felisa got a promotion she automatically became a probationary employee for 6 months. This made her ineligible to participate in the election for a new senator in her area. Promotion probationary employees should not be penalized. The by-laws will be reviewed again next year and at that time this issue can be addressed.

a. USS/UPS
   i. What is on the minds of our constituents
      There have been rumors about University Support Staff converting to Unclassified Professionals. Several of the other KBOR universities are switching. If we are the only university left with USS will we lose our bargaining power with KBOR? If we were to switch to UPS our KPERS would not necessarily go away. The appeals process is very different for UPS. Again, there are no plans at this time to convert. That being said would we have more bargaining power with the administration if we were to start the conversation before we were told it was happening. Not every UPS position requires a degree. A degree would have to be a preferred requirement and logically it sometimes does not make sense.
