

Prizes and the Distribution Thereof!

Prizes and the Distribution Thereof

All prizes will be awarded during the Run.

Visitors, Runners, Spectators, and Children running around will all be able to register for prizes at tables during the event.

Prizes will be awarded to certain teams, such as that one who passes the n th mile marker. I.e., Teams will have chances throughout the run to win based on pseudo/quasi-random criteria, such as which team presses the button that makes the 99th mile marker turn into 100.

Anyone who does not win a prize who needs comforting may come visit the KSU Women's Center and have some hot cocoa in November.

There will be random "chance" probabilities of winning prizes, and perhaps there might just be a wee game or two of skill through which those with special talents might change their chances to "not random."
