

April 10 and 11, students will decide the future of the K-State Student Union.

Vote
YES
to support
YOUR UNION.

THE NEED

- Opened in 1956, the Union is suffering from major structural deterioration.
- With climbing enrollment numbers, the student body has outgrown the building.

THE OPPORTUNITY

- A \$25 million renovation would create more space for students, including study areas, meeting spaces, student organization offices and recreational areas. It would also enhance retail, dining and event space to increase revenue.

- Current plans would create a new southwest entrance and simplify the building's layout.

THE LEGACY

- YOU can ensure that future generations benefit from the Union and leave your mark. Since its founding, the Union has been funded by students for students.

HOW WILL IT BE ACCOMPLISHED?

APRIL 10 AND 11, VOTE YES for a \$20 increase in the semester privilege fee (beginning fall 2014). This is equivalent to less than a half percent increase in overall tuition.
