Article X. Section 3: Code of Ethics and Rules for Membership Recruitment

Section 1: Code of Ethics for Membership Recruitment

We, the members of the Kansas State University College Panhellenic, support the purpose of recruitment, which is to promote opportunities for the development of undergraduates through membership in women’s fraternities.

We define the goals of recruitment as the following: to give each potential member maximum opportunity to pledge; to provide the fraternity experience to as many as possible; and to maintain strength in each of the fraternity chapters.

We uphold and honor the Kansas State University Code of Ethics for Membership Recruitment and the National Panhellenic Conference Unanimous Agreements through words and actions. We believe that the highest level of trust should exist between chapter members and the chapters and officers of the College Panhellenic in order to ensure a spirit of cooperation and unity.

The Kansas State University Panhellenic Recruitment Guidelines are intended to help guide sorority women, both undergraduates and alumnae, and prospective members throughout the membership selection process and formal membership recruitment.

The Kansas State University College Panhellenic promotes equality regardless of race, color, religion, belief, or physical abilities.
