General Course Rules:
- Be cautious and courteous. You are playing on University grounds—watch out for pedestrians and vehicles.
- Parking at the first tee (in Parking Lot A3) is allowed without a permit on weekdays after 5pm and all day on weekends.
- Tees are marked in white with this symbol ▶️ or with a black crescent symbol. Tees are commonly on sidewalks, but a few tees have their own tee pads.
- Most of the pins are lamp posts. Your disc must hit the upright metal portion of the lamp post, at any height. On some holes (1, 8, 12, 15, 16) the pins are trees, and your disc must hit the trunk of the tree, at any height. On two holes (9, 13) the pins are statues and have special rules (see hole descriptions).
- Water and Street Penalties: On all holes, any curbed paved areas or creeks are considered out of bounds. Any disc that lands out of bounds is played from the point it last passed in bounds (with allowance for throwing room), and a one stroke penalty is taken. Discs must be completely surrounded by water or pavement to be considered out of bounds (discs leaning on curbs or banks are in bounds).
- Unplayable lies: For any disc that lands in such a way that it is determined unplayable, a one stroke penalty is taken, and the disc is played at a spot outside the area without penalty.
- Most of the pins are lamp posts. Your disc must hit the upright metal portion of the lamp post, at any height. On some holes (1, 8, 12, 15, 16) the pins are trees, and your disc must hit the trunk of the tree, at any height. On two holes (9, 13) the pins are statues and have special rules (see hole descriptions).

K-State Disc Golf Course Description:

#1 par 3 260 ft  Tee: 75ft NE of Lot A3, near base of tree  Pin: Tree 25ft west of Lot A3
Keep your throws straight or to the right—the parking lot on the left side of the fairway is bogy bait.

#2 par 3 255 ft  Tee: Loading zone in west part of Lot A3  Pin: Lamppost DW25, west of the Veteran’s Memorial
Watch for vehicle traffic on the street and pedestrians in and around the Vietnam Veterans’ Memorial

#3 par 3 380 ft  Tee: At SE corner of Danforth Chapel  Pin: Lamppost DW39, at NE corner of Thompson Hall
This long dogleg left takes a careful tee shot and an exact approach shot to master.

#4 par 4 245 ft  Tee: On sidewalk just NW of 3rd Pin  Pin: Lamppost DW33, just east of Nichols Hall
An upward slope and a mostly concrete pin area make this a deceivingly short par 3.

#5 par 3 310 ft  Tee: At SE corner of Nichols Hall  Pin: Lamppost DW54, SW of Nichols
The wind can swirl here, pushing discs into the building or street, and the downward sloping pin area can cause trouble.

#6 par 3 265 ft  Tee: At SW corner of Nichols Hall  Pin: Lamppost DW52, east of Calvin Hall
Be extremely careful of pedestrians coming around the corner of Nichols hall.

#7 par 3 370 ft  Tee: On sidewalk just east of 6th Pin  Pin: Lamppost ??? on east side of Kedze Hall
Watch for crossing pedestrians behind the bushes! Watch out for the bricks!

#8 par 3 325 ft  Tee: On sidewalk at SE corner of Anderson Hall  Pin: Large pine at the north of the group in Anderson lawn
Don’t let this downhill par 3 suck your disc to the right, leaving a difficult approach shot through the trees.

#9 par 3 275 ft  Tee: On sidewalk by benches just NE of Anderson  Pin: Through the hole in the concrete and silver statue.
You may enter the hole from either side, but the disc must pass completely through it. Watch out for pedestrians on this hole!

Front: Par 27 2685 ft (Amateur and Junior players’ par for the front nine is 36)

(Water, pop, and vending machines are located just off the courtyard in the northermost part of Seaton Hall. SEE MAP)

#10 par 3 300 ft  Tee: On sidewalk east of Leasure Hall  Pin: Lamppost GW1, due west of Willard Hall
This is a high pedestrian traffic area; be patient and throw only when clear.

#11 par 3 320 ft  Tee: On sidewalk south and west of 10th Pin  Pin: Lamppost GW31, north of Leasure Hall
Watch for pedestrians and lampposts on this long, uphill par 3.

#12 par 4 460 ft  Tee: On sidewalk NW of 11th Pin  Pin: Tree just north of the NW corner of Willard Hall
Again, watch for pedestrians. Keeping your first shot in control is key to this downhill par 4, the longest hole on the course.

#13 par 3 230 ft  Tee: In circular area by statue north of Willard  Pin: White “Fork” statue north of King Hall
Easiest hole to birdie on the course, but it can be tricky. Any white part of the statue counts. Watch for cars!

#14 par 4 400 ft  Tee: On sidewalk NE of 13th Pin  Pin: Lamppost CW2, through Quinlin Natural Area
Arguably the hardest hole on the course, especially when overgrown in summer. Watch carefully at where your discs land!

#15 par 4 430 ft  Tee: On sidewalk by street east of 14th Pin  Pin: Lone tree almost to the wall by North Manhattan Ave.
Be careful to avoid the street and the cars parked along it; a bad drive or wild second shot can make for big problems.

#16 par 3 370 ft  Tee: Ped SW of 15th Pin  Pin: Large pine just beyond the big silver statue
Don’t let the double threat of the creek and the street scare you into a short tee shot on this long par 3.

#17 par 4 250 ft  Tee: On sidewalk south of 16th Pin  Pin: Lamppost DW2, just east of statue
A short par 3, but watch out for the trees as you tee off.

#18 par 4 400 ft  Tee: On sidewalk south and east of 17th Pin  Pin: Green pole 75ft south of 1st Tee
Keeping to the left on this wide open fairway can set up for an easier approach through the trees.

Back: Par 31 3160 ft (Amateur and Junior players’ par for the back nine is 40)
Total: Par 58 5845 ft (Amateur and Junior players’ par for the course is 76)
