

K-State 105

An economic growth and advancement initiative for Kansas

We're a university built on engagement.

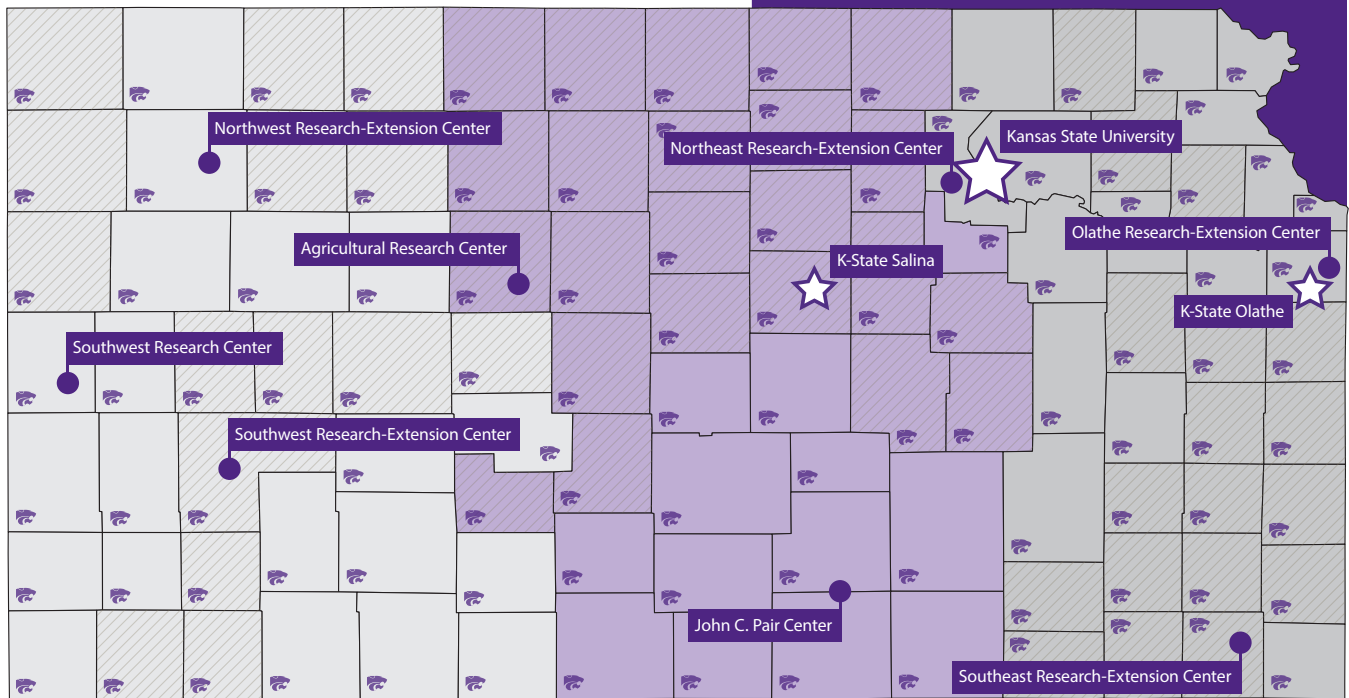

As the nation's first operational land-grant university, Kansas State University has always been in every Kansas county. But as a next-generation land-grant university, we're **embracing innovative ways to serve and connect with the people who call the Sunflower State home.**

We're connecting the dots. **Bringing people and partners together.** Building the economic prosperity of all 105 Kansas counties.

We call it K-State 105.

About

K-State 105 is Kansas State University's answer to the call for a comprehensive economic growth and advancement solution for Kansas. The initiative leverages the statewide K-State Research and Extension network to deliver the full breadth of the university's collective knowledge and solution-driven innovation to every Kansan, right where they live and work. Additionally, K-State 105 forges the connections and partnerships that create access to additional expertise within other state institutions and agencies, nonprofits and corporations — all part of an effort to build additional capacities and strengths in each of the 105 counties in the state.

K-State 105 impact

By building and leveraging networks of support, technical solutions, business creation and workforce development, K-State 105 is poised to achieve the following for Kansas:

- Creating direct jobs.
- Attracting and leveraging private and public capital and equity investment.
- Establishing or expanding new businesses.
- Securing funding or substantive technical assistance for businesses, entrepreneurs, communities and municipalities.

An investment in Kansas' economic growth and advancement

We're working with statewide partners, regional partners and project partners to address three key areas that affect prosperity in Kansas:

- Child care
- Affordable housing
- Health care

Join us. Learn more and get involved with K-State 105.

K-State 105 is a key driver of the Next-Gen K-State strategic plan and it is a pillar of our Economic Prosperity Plan. We're aiming to create 3,000 direct new jobs and attract \$3 billion in new Kansas investments by 2030.
