

K-State 105

Kansas State University's answer to the call for ***a comprehensive economic growth and advancement solution for Kansas.***

The initiative leverages the statewide K-State Research and Extension network to deliver the full breadth of the university's collective knowledge and solution-driven innovation to every Kansan, right where they live and work.

K-State 105 forges the connections and partnerships that create access to additional expertise within other state institutions and agencies, nonprofits and corporations — all part of an effort to build additional capacities and strengths in each of the 105 counties in the state.
