### Post Test Review

Directions: After each exam, fill in the chart below based on questions you missed. This helps to identify patterns in your test taking or studying to correct testing mistakes.

<table>
<thead>
<tr>
<th>Course:</th>
<th>Test:</th>
<th>Date:</th>
<th>Review Later</th>
</tr>
</thead>
<tbody>
<tr>
<td>General</td>
<td>Reason missed *</td>
<td></td>
<td>What knowledge were you missing that you needed to get this right? (Review before the final, etc.)</td>
</tr>
<tr>
<td>? Missed</td>
<td>Pts Lost</td>
<td>? Type</td>
<td>Careless Errors</td>
</tr>
<tr>
<td>Ex: 2</td>
<td>-3</td>
<td>T/F</td>
<td>X</td>
</tr>
</tbody>
</table>

**Sample:**
- T/F = true/false
- MC = multiple choice
- For = formula
- Ess = essay
- Cal = calculation
- Der = derivation
- WP = word problem

Careless Errors - skipping or misreading directions
Study Errors - studying the wrong material or not studying enough
Concept Errors - not understanding the underlying principles needed to answer questions
Application Errors - failing to apply underlying principles correctly
Test Mechanics Errors - changing answers at the last minute, leaving items blank, miscopying
