# GPA Pit Stop

Directions: To understand you GPA more clearly and what you are aiming for this semester, use this tool to calculate your current GPA and a few scenarios. Follow the steps to make a plan to finish strong.

STEP 1: Fill in your classes and current grades. Calculate your GPA and determine two different possible scenarios for grades.

	Current Grades:	Scenario 1 Grades:	Scenario 2 Grades:
Class 1:			
Class 2:			
Class 3:			
Class 4:			
Class 5:			
Class 6:			
Term GPA:			

STEP 2: Decide which scenario you will work towards. Ask yourself:

1. What is reasonable?
2. What GPA scenario gets you closes to your goal?

STEP 3: Pick two classes to focus your energy on.

Class 1: Grade goal:	Class 2: Grade goal:
What is the biggest challenge in this class?	What is the biggest challenge in this class?
What are two things you will do to reach your goal?	What are two things you will do to reach your goal?
