

# GPA FAQs

## What is GPA?

Grade Point Average, also known as GPA, is a number used to determine your academic well-being while in school. GPA is calculated by dividing the total amount of grade points earned by the total amount of credit hours attempted.

## What is GPA used for?

GPA can have impact on your financial aid, scholarships, professional programs, and academic standing at the university.

## Things you need to calculate your current GPA:

- Current grades which can be found on Canvas.
- Number of credit hours each class is worth, which can be found on the course schedule.
- GPA Calculator.

## How to calculate GPA:

1. Open up the GPA calculator
2. Input all your courses and the number of credit hours
3. Input your current grades

## The math behind GPA:

- A= 4 Grade Points
- B= 3 Grade Points
- C= 2 Grade Points
- D= 1 Grade Points
- F= 0 Grade Points
