Directions: After each exam, fill in the chart below based on questions you missed. Identify patterns in your test taking or studying to correct testing mistakes.

Course: Test: Date:

General		Descen missed *				Davison Later		
General		Reason missed *				Review Later		
? Missed	Pts Lost	? Type	Careless Errors	Study Errors	Concept Errors	Application Errors	Test Mechanics Errors	What knowledge were you missing that you needed to get this right? (Review before the final, etc.)
Ex: 2	-3	T/F		Х			Х	Didn't study enough, next time read the question slower, changed answer.

\*Sample: T/F= For= true/false formula

MC= multiple Ess= Cal= choice essay calculation

Ma= matching Der= WP= word derivation problem

Careless Errors- skipping or misreading directions
Study Errors- Studying the wrong material or not studying enough
Concept Errors- not understanding the underlying principles needed to answer questions

Application Errors- failing to apply underlying principles correctly Test Mechanics Errors- changing answers at the last minute, leaving items blank, miscopying
