## Study Abroad (Semester)

### Perth, Australia

[Exchange Program: University of Western Australia](#)

**Great for:** Biology, Microbiology, Pre-Health, Pre-Vet, and Fisheries, Wildlife, and Conservation

**About:** The University of Western Australia in Perth is located on the Swan River, and offers a variety of courses for Biology students to choose from. Students can also study at the Albany campus, which is in the middle of a global biodiversity hotspot and home to the UWA Center of Excellence in Natural Resource Management.

### Whakatīwai, New Zealand

[University of New Hampshire, EcoQuest \(Unaffiliated\)](#)

**Great for:** Environmental Biology, Environmental Science, and Fisheries, Wildlife and Conservation

**About:** This rural, hands-on, and rigorous field-based program provides students with opportunities to learn more about conservation and resource management, and participate in research.

### Nakhonpathom, Thailand

[TEAN Program: Mahidol University International College](#)

**Great for:** Biology, Microbiology, Pre-Health, and Fisheries, Wildlife, and Conservation

**About:** Nakhonpathom is referred to as the oldest city in Thailand and is just a short distance from the capital of Bangkok. MUIC is the international component of Thailand's oldest university. Here you will get to take courses with both Thai and international students.

### San José, Costa Rica

[API Program: Universidad Veritas](#)

**Great for:** Spanish, Biology, Anthropology

**About:** The Spanish Language, Liberal Arts, & Environmental Studies program allows students to combine interests in a variety of fields. Students also participate in visits to the Arenal Volcano, an international excursion to Panama, and more.

## Research Abroad

### Wellington, New Zealand

[API Program: Massey University](#)

**Great for:** Cell & Molecular Biology, Botany, Genetics, Conservation

**About:** Study in Wellington, New Zealand's capital city, with Kiwis and other international students! Massey University offers a wide variety of Biology and STEM courses. Part of the program is on-site orientation and once-in-a-lifetime excursions to natural wonders such as Matiu/Somes Island, the Seal Coast Safari & kayaking in Queen Charlotte Sounds.

### Peru, Tanzania, Turks & Caicos, and other locations

[School for Field Studies \(Unaffiliated\)](#)

**Great for:** Biology, Pre-Vet, Fisheries, Wildlife and Conservation

**About:** SFS offers high quality summer and semester active-learning programs. All programs include a research course, in addition to hands-on field work related to Wildlife Management, Conservation & Development, or Marine Ecology.

## Service Learning Abroad

### South Africa, Dominican Republic, Gambia, Guatemala, and Kenya

[International Service Teams](#)

**Great for:** Pre-Health

**About:** International Teams is a service-learning program of interdisciplinary teams of Kansas State University students. Teams travel and live in communities around the world during the summer break. International Teams work with community partners to engage in local community work abroad on a variety of meaningful projects. Previous placements have focused on health, education, environmental and sustainability concerns, and youth development.
