Study Abroad (Semester)

Perth, Australia

[Exchange program: University of Western Australia](#)

Great for: Biology, Microbiology, Pre-Health, Pre-Vet, and Fisheries, Wildlife, and Conservation

About: The University of Western Australia in Perth is located on the Swan River, and offers a variety of courses for Biology students to choose from. Students can also study at the Albany campus, which is in the middle of a global biodiversity hotspot and home to the UWA Center of Excellence in Natural Resource Management.

Whakatiwai, New Zealand

[University of New Hampshire, EcoQuest \(Unaffiliated\)](#)

Great for: Environmental Biology, Environmental Science, and Fisheries, Wildlife and Conservation

About: This rural, hands-on, and rigorous field-based program provides students with opportunities to learn more about conservation and resource management, and participate in research.

Nakhonpathom, Thailand

[TEAN Program: Mahidol University International College](#)

Great for: Biology, Microbiology, Pre-Health, and Fisheries, Wildlife, and Conservation

About: Nakhonpathom is referred to as the oldest city in Thailand and is just a short distance from the capital of Bangkok. MUIC is the international component of Thailand's oldest university. Here you will get to take courses with both Thai and international students.

San José, Costa Rica

[API Program: Universidad Veritas](#)

Great for: Spanish, Biology, Anthropology

About: The Spanish Language, Liberal Arts, & Environmental Studies program allows students to combine interests in a variety of fields. Students also participate in visits to the Arenal Volcano, an international excursion to Panama, and more.

Research Abroad

Wellington, New Zealand

API Program: Massey University

Great for: Fisheries, Wildlife, and Conservation, NRES, Biology

About: This is a six week program involving a 2 week field expedition across New Zealand's diverse geographic and geologic terrain, followed by a 4 week internship with regional land management agencies, environmental organizations, and agribusinesses, among many other placements.

Peru, Tanzania, Turks & Caicos, and other locations

School for Field Studies (Unaffiliated)

Great for: Biology, Pre-Vet, Fisheries, Wildlife and Conservation

About: SFS offers high quality summer and semester active-learning programs. All programs include a research course, in addition to hands-on field work related to Wildlife Management, Conservation & Development, or Marine Ecology.

Service Learning Abroad

South Africa, Dominican Republic, Gambia, Paraguay, and Kenya

International Service Teams

Great for: Pre-Health

About: International Teams is a service-learning program of interdisciplinary teams of Kansas State University students. Teams travel and live in communities around the world during the summer break. International Teams work with community partners to engage in local community work abroad on a variety of meaningful projects. Previous placements have focused on health, education, environmental and sustainability concerns, and youth development.
