The following is a sample of programs. Search the complete program list at www.ksu.edu/abroad

Faculty Led Program

Dublin, Ireland

Faculty Led: [KSU in Ireland](#)

About: This program has a faculty led International Sports, Health, and Culture in Ireland course (HHS385). This program is open to students interested in examining the biological, psychological, socio-cultural, economic, geographic and political influences on health in a global world.

Study Abroad (Semester)

Melbourne, Australia

Exchange program: [Deakin University, Melbourne-Burwood Campus](#)

About: Deakin University is located in Melbourne, a city consistently ranked as one of the most livable cities in the world. Students interested in health professions can choose from courses in the fields of Biology, Biomedical Science, Food and Nutrition, and Exercise and Sports Science among others.

Hatfield, United Kingdom

Exchange program: [University of Hertfordshire](#)

About: An hour from London, the University of Hertfordshire gives you the best of both worlds. You'll live in an active university town with pubs, cinemas, and shopping centers but have easy access to the bustle of London. Hertfordshire's School of Life and Medical Sciences offers courses such as Exercise Physiology, Foundations of Human Physiology and Sports Management.

Valencia, Spain

Program Provider: [Universidad Católica de Valencia](#)

About: This program offers students the ability to take health, science and humanities courses taught in English alongside other international and local students. Students interested in Spanish language may also have the option of taking a language course and/or humanities course taught in Spanish. Classes are taught by host university faculty at the Universidad Católica de Valencia.

Study Abroad (Summer)

Florianópolis, Brazil

Program Provider: [USAC Brazil: Florianopolis](#)

About: USAC classes are held at the Universidade Federal de Santa Catarina (UFSC), recently ranked the 12th best university in Latin America. Known locally as “oofski” or “the Federal,” UFSC is known across Latin America for its leadership in research. Its green, spacious, and modern campus is relatively new and is host to laboratories and technologically advanced facilities. Over the summer, students can choose from classes such as Sports Nutrition, Exercise, and Performance, International Sports Business and Exercise Physiology.

Melbourne, Gold Coast & Cairns, Australia

Program Provider: [Sports and Exercise Psychology Summer Program](#)

About: Immerse yourself in Australia’s popular sports culture and industry while gaining unique insight into sport and exercise psychology from a range of leading professors, professionals and athletes while traveling across Australia through Melbourne, the Gold Coast and Cairns. Designed as an introductory 3-credit course for students interested in a wide range of health and exercise science studies, as well as student athletes and sports enthusiasts, this hands-on course blends in-class lectures with diverse field trips, personal fitness and surfing training, guest speakers and presentations. Along with diving deep into the sports world, you’ll also have the opportunity to dive in the Great Barrier Reef, discover the beauty of Byron Bay, experience multi-cultural Melbourne and live right on the beach on the Gold Coast.

Intern Abroad

Australia, Chile, New Zealand, Spain

Program Provider: [ISA Internships in Sport and Exercise Science](#)

About: ISA Internships provides unique opportunities to develop personally and professionally through high-quality global internship experiences during the summer or semester. All ISA Internship Placements are custom, but examples of past placements include: Physical Therapy Clinic in Santiago, Chile or Outdoor Education in New Zealand.

Serve Abroad

South Africa, Dominican Republic, Gambia, Paraguay, and Kenya

[International Service Teams](#)

About: International Teams is a service-learning program of interdisciplinary teams of Kansas State University students. Teams travel and live in communities around the world during the summer break. International Teams work with community partners to engage in local community work abroad on a variety of meaningful projects. Previous placements have focused on health, education, environmental and sustainability concerns, and youth development.
