

# Chemistry & Biochemistry Abroad

## Timeline for Your Adventure

- Attend an Abroad 101 session: 304 Fairchild Hall. Find dates and times at [k-state.edu/abroad/dates.html](http://k-state.edu/abroad/dates.html)
- Contact an Education Abroad Advisor to discuss your program options: Call 785-532-5990 to schedule an appointment
- Contact your Academic Advisor to discuss how education abroad fits in with your degree plans
- Apply at [www.k-state.edu/abroad/apply](http://www.k-state.edu/abroad/apply)
- Research scholarships and financial aid

The following is a sample of programs. Search the complete program list at [www.ksu.edu/abroad](http://www.ksu.edu/abroad)

## Study Abroad (Semester)

### Melbourne, Australia

*Exchange program: Deakin University*

**Great for:** Chemistry, Biochemistry, Mathematics, Biology

**About:** Set in Melbourne, Australia's second largest city and rated one of the most livable cities in the world, Deakin allows easy access to beaches and many of the country's cultural institutions. Deakin offers many courses in the STEM fields, including organic chemistry, biochemistry, and genetics.

### Liverpool, United Kingdom

*Exchange program: University of Liverpool*

**Great for:** Health & Life Sciences and Natural & Physical Sciences.

**About:** Rated in the top 1% of universities in the world, Liverpool offers courses in a comprehensive selection of fields, including Chemistry, Mathematics, Biology, and Engineering among others. Frequently voted as one of the best cities in the world to live and visit, Liverpool affords students access to beautiful waterfront vistas and countless cultural activities.

### Nakhonpathom, Thailand

*ISA Program: Mahidol University International College*

**Great for:** Chemistry, Biochemistry, Calculus, and Environmental Chemistry

**About:** Nakhonpathom is referred to as the oldest city in Thailand and is just a short distance from the capital of Bangkok. MUIC is the international component of Thailand's oldest university. Here you will get to take courses with both Thai and international students.

### Cork, Ireland

*Direct Enroll: University College Cork*

**Great for:** Chemistry, Biochemistry, and Food Science.

**About:** University College Cork is an exceptional university for study and research. Located in Cork, the second largest city in Ireland, students are afforded a campus experience in a picturesque region. In Cork, students have access to the sea, mountains, and the well-known lakes of Killarney only one hour away.

## Study Abroad (Summer)

### Orvieto, Italy

[Kansas State University in Italy](#)

**About:** Located in the Italian hill town of Orvieto, and centrally located between Rome and Florence, with both cities just a short train ride away. This is KSU's premiere summer study abroad program in Italy and is open to all students and majors. Students will study with KSU faculty members at the Centro Studi Citta di Orvieto and earn KSU credit.

### Rome, Italy

[Lorenzo de' Medici—Rome Campus](#)

**About:** Lorenzo de' Medici was founded in 1973 in Florence and is Italy's most comprehensive and well-established international institution in higher education. LdM now enables STEM students to study on their Rome or Florence campus, where Chemistry and other science courses are offered.

## Research Abroad

### Brno, Czech Republic

[Direct enroll program: Masaryk University Summer Lab Research Internships](#)

**About:** This affordable program is designed for students to work side by side with Masaryk University faculty on STEM-related research projects. Particularly appealing to upper-level students studying Biology, Geology, Geography, and Chemistry, participants choose from available summer research projects and complete 120 hours over 4 weeks.

### Sydney, Australia

[Direct enroll program: University of New South Wales, Study Abroad Research Practicum \(SARP\) Program](#)

**About:** The Study Abroad Research Practicum (SARP) program is designed for students to undertake short term research visits to UNSW, one of Australia's leading research universities. Under SARP, students at any level of study can visit UNSW for up to 12 months for research purposes. There is no minimum stay required, however students should have a minimum 3.0 GPA. This is an affordable research-only program.

## Intern Abroad

### Australia, Chile, New Zealand, Spain, and more

[International Studies Abroad Internships](#)

**About:** ISA Internships provides unique opportunities to develop personally and professionally through high-quality global internship experiences. They offer full-time, structured, unpaid international internships in a wide variety of career fields and business sectors around the world with the option to receive academic credit.

### Argentina, Chile, Ireland, England, and more

[Academic Programs International Internships](#)

**About:** STEM majors can find it more challenging to study abroad. However, a STEM internship can provide a great alternative allowing you to gain valuable practical hands on experience and cultural immersion at the same time. STEM grads can benefit by having international experience in this global economy. Added bonus—STEM students also have access to a number of scholarship opportunities not available to other majors as well!
