The following is a sample of programs. Search the complete program list at [www.ksu.edu/abroad](http://www.ksu.edu/abroad)

## Study (Semester)

### Prague, Czech Republic

[Exchange Program: Czech Technical University](#)

**About:** One of K-State's most popular programs for engineering students, Czech Tech is one of the largest and oldest universities of its kind in Central Europe. It offers many English-language courses in a variety of engineering fields. Set in the picturesque and affordable Czech capital, Prague, Czech Tech provides students with access to many cultural opportunities and easy travel to the rest of the continent.

### Querétaro, México

[Exchange Program: ITESM - Queretaro](#)

**About:** Ranked Mexico's second-safest city, Queretaro's historic downtown is recognized as a UNESCO World Heritage Site. Bordered by two mountain ranges, Queretaro boasts natural beauty and activities in addition to an abundance of architectural sites and cultural events. Courses in engineering are offered in English as well as Spanish.

### Liverpool, United Kingdom

[Exchange Program: University of Liverpool](#)

**About:** Founded in 1881, the University of Liverpool is one of the six original "red brick" universities in the UK. It is located on the west coast of the UK in the heart of Liverpool, home of the soccer club Liverpool F.C. K-State engineering students have the opportunity to take courses in the Faculty of Science and Engineering.

### Hong Kong, Hong Kong S.A.R., China

[Exchange Program: Hong Kong Polytechnic University](#)

**About:** Hong Kong Polytechnic University teaches a wide variety of English-language courses in engineering, and students may also take courses in Mandarin or Cantonese Chinese. Located in the glimmering, diverse metropolis of Hong Kong, you can sample countless dimensions of East Asian culture, language, and cuisine in one exciting place.

### Nagoya, Japan

[Exchange Program: Nagoya University of Foreign Studies](#)

**About:** Nagoya University of Foreign Studies (NUFS) was founded in 1988 and has been growing steadily since its establishment. Starting with only the School of Foreign Studies, NUFS doubled its offerings by establishing the School of Global Business and Economics in 1994. The International Institute for Japanese Language Education of Nagoya University of Foreign Studies was also founded in 2001, focusing on academic exchanges with many overseas universities.

## Study (Summer)

### Valencia, Spain

[USAC Program: La Universidad Politecnica de Valencia](#)

**About:** From soft sand beaches, to cultural centers, historic monuments, nature and bio parks, contemporary and fine art museums, architectural landmarks, exhibition centers, outdoor recreation areas, UNESCO sites, and seaside promenades, the city of Valencia has something to meet every interest and keep you busy for your entire semester abroad. Semester options also available.

### Orvieto, Italy

[Kansas State University in Italy](#)

**About:** Located in the Italian hill town of Orvieto, and centrally located between Rome and Florence, with both cities just a short train ride away. This is KSU's premiere summer study abroad program in Italy and is open to all students and majors. Students will study with KSU faculty members at the Centro Studi Citta di Orvieto and earn KSU credit.

### Osaka, Japan

[Direct: Kansai Gaidai University](#)

**About:** This six-week program offers introductory Japanese language and Asian Studies courses, supplemented with exciting cultural activities in Kyoto and Osaka organized by local students. The combination of an elementary Japanese language course with lectures in Asian Studies will lay a foundation for understanding about Japan and its people. Field trips and student-organized activities will add hands-on experience to your learning. Semester Exchange program also available.

## Intern Abroad

### Australia, Chile, China, England, Spain, and more

[International Studies Abroad Internships](#)

**About:** ISA Internships provides unique opportunities to develop personally and professionally through high-quality global internship experiences. We offer full-time, structured, unpaid international internships in a wide variety of career fields and business sectors around the world with the option to receive academic credit. All ISA Internship locations have the option to intern in English, unless the participant has host language proficiency.

### Argentina, Chile, Ireland, Scotland, and more

[Academic Programs International Internships](#)

**About:** STEM majors can find it more challenging to study abroad. However, a STEM internship can provide a great alternative allowing you to gain valuable practical hands on experience and cultural immersion at the same time. STEM grads can benefit by having international experience in this global economy. Added bonus—STEM students also have access to a number of scholarship opportunities not available to other majors as well!

## Research Abroad

### Brno, Czech Republic

[Direct: Masaryk University Summer Lab Research Internships](#)

**About:** This affordable program is designed for students to work side by side with Masaryk University faculty on STEM-related research projects. Particularly appealing to upper-level students studying Biology, Geology, Geography, and Chemistry, participants choose from a list of available summer research projects and complete 120 hours over 4 weeks.
