Study Abroad (Semester)

Perth, Australia

[Exchange program: University of Western Australia](#)

Great for: Biology, Microbiology, Pre-Health, Pre-Vet, and Fisheries, Wildlife, and Conservation

About: The University of Western Australia in Perth is located on the Swan River, and offers a variety of courses for Biology students to choose from. Students can also study at the Albany campus, which is in the middle of a global biodiversity hotspot and home to the UWA Center of Excellence in Natural Resource Management.

Liverpool, United Kingdom

[University of Liverpool](#)

Great for: Ecology, Environmental Science, Marine Biology, and Geophysics.

Rated in the top 1% of universities in the world, Liverpool offers courses in a comprehensive selection of fields. Frequently voted as one of the best cities in the world to live and visit, Liverpool affords students access to beautiful waterfront vistas and countless cultural activities.

Copenhagen, Denmark

[Danish Institute for Study Abroad \(DIS\)](#)

Great for: Environmental Science, Biology, Sustainability Studies

Take your studies to the Arctic North with DIS. NRES majors can spend their semester in the picturesque city of Copenhagen, Denmark, and participate in study tours to Arctic Norway, Iceland, or Greenland. Combine science classes with humanities electives, or focus solely on environmental studies.

San José, Costa Rica

[ISA Program: Universidad Veritas](#)

Great for: Spanish, Biology, Anthropology

About: The Spanish Language, Liberal Arts, & Environmental Studies program allows students to combine interests in a variety of fields. Students also participate in visits to the Arenal Volcano, the Biological Cloud Forest Preserve in Monteverde, and more.

Research Abroad (Summer)

Prague, Czech Republic

[Direct enroll program: Masaryk University Summer Lab Research Internships](#)

This affordable program is designed for students to work side by side with Masaryk University faculty on STEM-related research projects. Particularly appealing to upper-level students studying Biology, Geology, Geography, and Chemistry, participants choose from a list of available summer research projects and complete 120 hours over 4 weeks.

Hawke's Bay, New Zealand

[Universities Studies Abroad Consortium USAC, Hawke's Bay, New Zealand](#)

This is a six week program involving a 2 week field expedition across New Zealand's diverse geographic and geologic terrain, followed by a 4 week internship with regional land management agencies, environmental organizations, and agribusinesses, among many other placements.

Sydney, Australia

[Direct enroll program: University of New South Wales, Study Abroad Research Practicum \(SARP\) Program](#)

About: The Study Abroad Research Practicum (SARP) program is designed for students to undertake short term research visits to UNSW, one of Australia's leading research universities. Under SARP, students at any level of study can visit UNSW for up to 12 months for research purposes. There is no minimum stay required, however students should have a minimum 3.0 GPA. This is an affordable research-only program.

Serve Abroad (Summer)

South Africa, Dominican Republic, Gambia, Paraguay, and Kenya

[International Service Teams](#)

International Teams is a service-learning program of interdisciplinary teams of Kansas State University students. Teams travel and live in communities around the world during the summer break. International Teams work with community partners to engage in local community work abroad on a variety of meaningful projects.
