Recommended Program

Various Locations, Guatemala

Education abroad in Guatemala

About: The Department of Food, Nutrition, Dietetics and Health has organized this opportunity for juniors, seniors or graduate students in the department to participate in various service learning placements in Guatemala with start dates in August, January and May. Placement examples include working in a medical clinic, disease prevention education, or community health assessment. Contact Linda Yarrow at lyarrow@ksu.edu for more information.

Asuncion, Paraguay

Faculty Led: [International Healthcare Experience in Paraguay](#)

About: This program is a course in the general healthcare of Paraguay that is open to students interested in examining the biological, psychological, socio-cultural, economic, geographic and political influences on health in a global world. This service learning experience will provide community and active health education along with leading community activities.

Study Abroad (Semester)

Melbourne, Australia

Exchange: [Deakin University](#)

About: Deakin University offers all majors a full complement of specialized and general education courses. Set in Melbourne, Australia's second largest city and rated one of the world's most livable cities, the campus allows easy access to beaches and many of the country's cultural institutions.

Dublin, Ireland

Exchange Program: [University College Dublin](#)

About: The UCD exchange program features outstanding learning and research opportunities at one of the top-ranked institutions in the world. UCD has established a long and distinguished tradition of service to scholarship and to the community. Students may take courses, or "modules," in Human Nutrition.

Study Abroad (Summer)

Florence, Italy

Direct Enroll: [Lorenzo de Medici](#)

About: Lorenzo de' Medici was founded in 1973 in Florence and is Italy's most comprehensive and well established international institution in higher education. LdM now has campuses in Rome and Tuscania as well. Courses are offered in biology and chemistry, and there are a variety of other arts & sciences options to choose from. LdM is perfect for students interested in a summer program, or students can enroll for a semester.

Canberra, Australia

Program Provider: [The Australian Sporting Industry](#)

About: This is a unique 3 week traveling program allowing for the opportunity to explore aspects of Australia's sporting industry from both a professional and recreational perspective. This program provides students with the opportunity to observe and participate in activities that combine both theoretical and practical knowledge of Australian sport. Students will gain coaching advice, increase their marketing skills by marketing sports the Australian way, along with gaining an insight on nutrition, sports research, psychology, and human movement and fitness.

Intern Abroad

Australia, Chile, New Zealand, Spain

Program Provider: [Custom ISA Internships](#)

About: ISA Internships provides unique opportunities to develop personally and professionally through high-quality global internship experiences during the summer or semester. All ISA Internship Placements are customized for each student, but you can browse through example placements here:

Serve Abroad

South Africa, Dominican Republic, Gambia, Paraguay, and Kenya

[International Service Teams](#)

About: International Teams is a service-learning program of interdisciplinary teams of Kansas State University students. Teams travel and live in communities around the world during the summer break. International Teams work with community partners to engage in local community work abroad on a variety of meaningful projects. Previous placements have focused on health, education, environmental and sustainability concerns, and youth development.
