WILDCAT WALK IN
Connect with an Admissions Representative to discuss any K-State questions you have.
Housing and Dining: More than 5,000 students call our campus home. After attending this session, we hope you’ll call one of our on-campus living options home. This session will provide information about what you need to know about living on campus, including an overview of our different living options, our dining centers and meal plans, how to sign-up for housing, finding a roommate and selecting a space, involvement and employment opportunities, and other tips and tricks to make your experience in on-campus living the best it can be.

Funding Your Education: Finding funding for your education can be challenging, and the financial aid application processes can be complicated. This session will help identify those funding sources and simplify the process of applying for aid.

Level Up: Unlocking Your Success: Up your educational game. This session will highlight opportunities to maximize your K-State experience. Learn about academic coaching, first-generation student resources, first-year experiences, national scholarship competitions, study abroad, the honors programs, tutoring, and undergraduate research.

Student Involvement: Getting involved on campus is more than just having fun, it is also a gateway to ensuring student success on campus. The Center for Student Involvement is your go-to campus resource for getting involved from day one. Current student leaders will share their experiences with getting involved, how their involvement has aided in their success, and how they plan to utilize their involvement to set them up after graduation.

Health Professions: Health Professions are among the hottest careers in the country. So, if you’re considering a career as a physician, athletic trainer, nurse, veterinarian, or other related profession, K-State can help you in this journey! Attend this session and explore multiple K-State majors that pair well with the Pre-Health track.

Career Resources: Learn about the ways K-State supports the career readiness of students. Gather information on services and resources to aid in selecting a major, exploring career options, gaining experience while in college, and connecting with employers.

Health and Safety: Join the K-State Police and Lafene Health Center in a discussion focused on personal wellbeing while on campus. Learn about health care providers, accessing services, K-State’s vaccination policies, Wildcat Walk, LiveSafe and much more. Also, get a sneak peek into what the Wildcat Wellness Coalition is all about.

Your Minor in Leadership Studies: Explore how you can complement your academic major with a minor in Leadership Studies or a Certificate in Non-Profit Leadership. Meet Leadership Studies Faculty and Staff who will help you find the right path toward your leadership journey at K-State. This session will help you find your entry point into the Staley School of Leadership Studies based on your passions and interest.

Campus Tour: Take a student-led walking tour of campus. You'll see large and small classrooms, Hale Library, and more.

Student Panel: Curious about what it is like to be a K-State student today? Learn about what makes our campus unique by joining current K-State students in an open ended conversation about their university experiences.

Recreation Center Tour: Experience the Chester E. Peters Recreation Complex and view the new addition and newly renovated spaces. Tours will be available at 4:00 pm and 4:30 pm by checking in at the welcome desk. We recommend driving to the Rec Complex. Please park in the lot on the north side of the building and place your event parking pass in your dash.

Residence Hall Tour: If you would like to visit a residence hall today, you may do so by visiting any hall and letting the front desk staff know you would like a tour before 5:00pm. If you choose to drive, please place your event parking pass in your dash.

Veterinary Medicine Facility Tour: Get an inside look into the Veterinary Medicine Facilities on campus. The afternoon tour will begin promptly at 4:00pm in Trotter Hall. We encourage driving to the facility. Please place your event parking pass in your dash.
