Student Panel
**Housing and Dining:** More than 5,000 students call our campus home. With ten residence halls, a large apartment community, one leadership/scholarship house for women and a house for honors students to choose from, we’ve got your housing needs covered. This session will provide an overview of our different living options, our dining centers and meal plans, how to sign-up for housing, and the advantages of living on campus.

**Ready. Set. LAUNCH! (Maybe, not yet):** Is your student ready for life after high school? Conversations about college with your student can be tricky. Exciting and hopeful one day, then confusing and maybe even frustrating the next. Engage in a session where we discuss how to encourage and support your student for life after high school by using a checklist of helpful tips.

**Funding Your Education:** Finding funding for your education can be challenging, and the financial aid application processes can be complicated. This session will help identify those funding sources and simplify the process of applying for aid.

**Level Up: Unlocking Your Success:** Here is what K-State brings to the game. Learn about some of the opportunities that define success at K-State: academic coaching, first-generation student resources, first-year experiences, national scholarship competitions, study abroad, the honors program, tutoring, and undergraduate research.

**Student Involvement:** Meeting new people, trying new things, and making the most of your K-State experience starts will getting involved outside of the classroom. The Center for Student Involvement is here to help guide you through the process of exploring the various opportunities for involvement on campus. Come learn about the different activities, resources, and opportunities available to students.

**Health Professions:** Health Professions are among the hottest careers in the country. So, if you’re considering a career as a physician, athletic trainer, nurse, veterinarian, or other related profession, K-State can help you in this journey! Attend this session and explore multiple K-State majors that pair well with the Pre-Health track.

**Leadership, Service, and Change:** The Staley School of Leadership Studies is a values-centered learning community that provides a minor in Leadership Studies and a Certificate in Non-Profit Leadership. This session will highlight the academic and co-curricular leadership experiences available to K-State students. You will hear from Staley School of Leadership Studies ambassadors to find out more about leadership and service.

**Student Panel:** Curious about what it is like to be a K-State student today? Learn about what makes our campus unique by joining current K-State students in an open ended conversation about their university experiences.

**Virtual Campus Tour:** Join us for a student-led, virtual tour of K-States campus. You will see and learn about various spots on campus including Hale Library, Anderson Hall, Kramer Dining Center and more!
