2008 – 2009 Senior Survey

EXECUTIVE SUMMARY

- The Senior Survey is designed to give undergraduate students the opportunity to reflect upon their K-State experiences. This information is used to improve the college experience for future students by identifying strengths in our programs as well as areas that need further development.
- Of the 2,881 seniors who received the survey, 2,115 participated for an overall response rate of 73.4% (up from 72.4% last year).

Response Rates

- The Colleges of Business Administration and Engineering achieved the highest response rates, 82% and 81% respectively. Two colleges followed close behind, Agriculture (79%) and Education (78%).

Demographics of Respondents

- 51% of respondents were female.
- Nearly nine out of ten respondents were White/Non-Hispanic.
- 80% of respondents were twenty-three years of age or younger.
- 70% of respondents reported a G.P.A above 3.0.
- 52% of respondents graduate with an undergraduate certificate and/or minor.

Participation in Major

- 80% of respondents *strongly agreed* or *agreed* that students in their major were career oriented.
- Nearly eight out of ten respondents *strongly agreed* or *agreed* that in their major, faculty are accessible for out-of-class assistance and faculty are interested in the academic and professional development of students.
- Approximately 80% of respondents *strongly agreed* or *agreed* that they found their major to be characterized by mutual respect between undergraduate majors and professors.

- 82% of respondents *strongly agreed* or *agreed* that they found their major to be academically stimulating.

Satisfaction with Services and Facilities

(Respondents who used a particular service)

- Over 92% of respondents *used, and were satisfied*, with the following K-State services: library staff, recreational services, McCain Performance Series, and convocations/lectures.
- At least ninety percent of respondents *used, and were satisfied* with admissions services and online application, Office of the Registrar, access to electronic library resources, library holdings, and library facilities.

Educational Progress Achieved at K-State

- At least 94% of respondents felt that they made *some* or *very much* progress in gaining a broad general education about different fields of knowledge and the ability to learn on their own, pursue ideas, and find information that they need.
- 91% or more of respondents felt that they made *some* or *very much* progress in the following areas:
 - understanding the ethical standards of their discipline or profession
 - understanding themselves and their abilities, interests, and personality
 - understanding other people and their abilities, interests, and perspectives
 - ability to participate as a team member
 - ability to interact positively with people who are different from them
 - ability to think critically (analytically and logically)
 - quantitative thinking--understanding probabilities, proportions, etc.
 - ability to put ideas together, to see relationships, similarities, and differences between ideas
 - ability to locate and evaluate information sources.

Experiences and Relationships at K-State

- More than eight out of ten respondents indicated that the development of academic, scholarly, and intellectual qualities and being critical, evaluative, and analytical were *strongly emphasized* (rated 5 or greater on a 7-point scale) regarding student development.
- 83% of respondents reported that relationships with other students, student groups, and activities were characterized by a *sense of belonging* (rated 5 or greater on a 7-point scale).
- 82% of respondents indicated that faculty members were *approachable, understanding, and helpful* (rated 5 or greater on a 7-point scale).

Additional Information

- 96% of respondents reported that they had a *very positive* (54%) or *positive* (42%) experience at K-State.
- 95% of respondents indicated that they *definitely* (67%) or *probably* (28%) would recommend K-State to others.
- Approximately 93% of respondents will *look for* (32%), *continue with* (8.8%), *or start employment* (30.5%), *attend graduate school* (20.1%), *or join the military* (1.9%) *after graduation*.

Comparison by Gender

- Male respondents were more likely than female respondents to *strongly agree* or *agree* that within their major, students received support in finding appropriate employment or pursuing graduate study. (Table 26)
- Female respondents were more likely to report that their K-State experiences helped them make *very much progress* in:
 - developing an understanding and enjoyment of the arts (art, music, drama, and literature)
 - improving written communication skills
 - improving oral communication skills
 - developing their own values and ethical standards
 - understanding other people and their abilities, interests, and perspectives
 - understanding themselves

- Male respondents were more likely to report that their K-State experiences helped them make *very much* progress in:
 - understanding the nature of science and experimentation
 - understanding new scientific and technical developments
 - becoming aware of the consequences of new applications in science and technology
 - quantitative thinking – understanding probabilities, proportions, etc.

Comparison by Semester

- Spring respondents were more likely than fall respondents to *strongly agree* or *agree* that within their major, students received support in finding appropriate employment or pursuing graduate study.
- Spring respondents were more likely to feel satisfied with the following K-State services:
 - recruitment materials and processes
 - KATS and its many applications
 - residence hall food service
 - residence hall facilities
 - residence hall services and programs
 - Union Program Council
- Spring respondents were more likely than fall respondents to *occasionally* or *often* interact with faculty outside of class time.

Comparison by Year

- 2007-2008 respondents were more likely than 2008-2009 respondents to have made *some* or *very much* progress becoming aware of different philosophies, cultures, and ways of life, and improving oral communication skills.
- 2008-2009 respondents were more likely than 2007-2008 respondents to have made *some* or *very much* progress in the ability to speak a second language.
- 2007-2008 respondents were more likely than 2008-2009 respondents to have a *positive* or *very positive* general attitude toward K-State.

ABOUT THE SENIOR SURVEY

- The Senior Survey is designed to give undergraduate students the opportunity to reflect upon their K-State experiences. This information is used to improve the college experience for future students by identifying strengths in our programs as well as areas that need further development. This report is a summary of student responses from the 2008 - 2009 graduates.
- This year's report was modified in order to follow the same summary template that is being used for all of the Office of Assessment's surveys. No changes were made to the Senior Survey.
- The survey was offered electronically, via email, to students who had been cleared for graduation by their respective colleges.
- The overall university response rate for fall graduates was 66.3% (719 out of 1,084 participated in the survey), and 77.7% (1,396 out of 1,797 participated in the survey) for spring, for an overall response rate of 73.4% (2,115 out of 2,881) for the 2008 - 2009 academic year. (Note: all responses are included in the results, even if a student did not complete the entire survey.)
- The overall university response rate for the 2007-2008 academic year for comparison was 72%.
- At the end of this report, we have provided summaries on items for which there was a statistically significant difference in responses between genders, semester of graduation, and academic year.
- If you have questions or comments, would like additional analyses executed (by gender, ethnicity, program/discipline, etc.), comparisons with other measures (Alumni Survey, National Survey of Student Engagement), or longitudinal comparisons, please contact Steven Hawks, Assistant Director, Office of Assessment at 532-5712 or sjhawks2@k-state.edu

* The Office of Assessment receives a list of graduates on the day graduation applications are due from the Registrar's Office; we can not account for all graduates within a college

¹ The percentages listed are not based on the number of seniors who actually completed the survey. A small minority of students left before completing the survey. However, we felt that their responses were just as valuable to improve the college experience for future K-State students; therefore, their responses have been included in our analyses.

[^] Due to the fact that the College of Architecture, Planning and Design has switched to Master's Degree programs only, the college will not receive a college summary report because of the few students remaining in the Bachelor's Degree programs.
