

## Course Override Process for Bands – Fall 2025

Course overrides should be submitted due to a course conflict between an ensemble and a required course for your major. The dean's and registrar's offices require seeing the override request come through the student but through the MTD Academic Advisor.

1. Enroll in your non-music class in KSIS first.
2. Email the following information to Ben Worcester, from your K-State email address.

Name (as it appears in KSIS)

WID

Course Number (5-digit class number) – Fall 2023, course conflict approved by instructor

Credit: (add 0 or 1)

I consent to have this added to my account.
