

Biology Abroad

Timeline for Your Adventure

- Attend an Abroad 101 session: 304 Fairchild Hall. Dates and times for the sessions can be found at k-state.edu/abroad/dates.html
- Contact an Education Abroad Advisor to discuss your program options: Call 785-532-5990 to schedule an appointment
- Contact your Academic Advisor to discuss how education abroad fits in with your degree plans
- Apply at www.k-state.edu/abroad/apply
- Research [scholarships and financial aid](#)

Recommended Program

Quito, Galapagos Islands, Ecuador

Direct enroll program: [Universidad San Francisco de Quito \(USFQ\), Galapagos Extension Program](#)

Great for: Ecology, Marine Biology, Environmental Science, and Wildlife Conservation

About: The Galapagos Extension program through USFQ is a three month experiential-learning experience in Quito and the Galapagos Islands. Students can select courses from several tracks of study, including Marine Ecology, Tropical Ecology, and Wildlife Conservation.

Study Abroad (Semester)

Brisbane, Australia

Exchange program: [University of Queensland](#)

Great for: Biology, Microbiology, Pre-Health, Pre-Vet, and Fisheries, Wildlife, and Conservation

About: UQ is one of Australia's premiere institutions and has been ranked in the top 1% of universities in the world. The university is located in picturesque Brisbane, a safe, friendly, and multicultural city that serves as the gateway to the Gold Coast.

Liverpool, United Kingdom

Exchange program: [University of Liverpool](#)

Great for: Biology, Microbiology, Pre-Health, and Fisheries, Wildlife and Conservation

About: Rated in the top 1% of universities in the world. Liverpool affords students access to beautiful waterfront vistas and countless cultural activities.

Nakhonpathom, Thailand

Exchange program: [Mahidol University International College](#)

Great for: Biology, Microbiology, Pre-Health, and Fisheries, Wildlife, and Conservation

About: Nakhonpathom is referred to as the oldest city in Thailand and is just a short distance from the capital of Bangkok. MUIC is the international component of Thailand's oldest university. Here you will get to take courses with both Thai and international students.

Intern Abroad

Belize, Cambodia, Ecuador, Ghana, India, Philippines, South Africa, Tanzania, Zambia, Zimbabwe

[Kaya Responsible Travel \(Unaffiliated\)](#)

Great for: Pre-Health, Pre-Vet, and Wildlife Conservation

About: A variety of meaningful veterinary, wildlife conservation, and health-related placements are possible through Kaya. Participants are able to work with local communities, shadow and assist professionals, and develop competencies that will be beneficial to a future career in a health or wildlife conservation-related field.

Research Abroad

Brno, Czech Republic

[Direct enroll program: Masaryk University Summer Lab Research Internships](#)

Great for: Biology, Chemistry, Microbiology

About: This affordable program is designed for students to work side by side with Masaryk University faculty on STEM-related research projects. Particularly appealing to upper-level students studying Biology, Geology, Geography, and Chemistry, participants choose from a list of available summer research projects and complete 120 hours over 4 weeks.

Sydney, Australia

[Direct enroll program: University of New South Wales, Study Abroad Research Practicum \(SARP\) Program](#)

Great for: Biology and Microbiology

About: The Study Abroad Research Practicum (SARP) program is designed for students to undertake short term research visits to UNSW, one of Australia's leading research universities. Under SARP, students at any level of study can visit UNSW for up to 12 months for research purposes. There is no minimum stay required, however students should have a minimum 3.0 GPA. This is an affordable research-only program.

Peru, Tanzania, Turks & Caicos, and other locations

[School for Field Studies \(Unaffiliated\)](#)

Great for: Biology, Pre-Vet, Fisheries, Wildlife and Conservation

About: SFS offers high quality summer and semester active-learning programs. All programs include a research course, in addition to hands-on field work related to Wildlife Management, Conservation & Development, or Marine Ecology.

Serve Abroad

South Africa, Dominican Republic, Gambia, Paraguay, and Kenya

[International Service Teams](#)

Great for: Pre-Health

About: International Teams is a service-learning program of interdisciplinary teams of Kansas State University students. Teams travel and live in communities around the world during the summer break. International Teams work with community partners to engage in local community work abroad on a variety of meaningful projects. Previous placements have focused on health, education, environmental and sustainability concerns, and youth development.
