Multicultural Student Center - Division of Student Life

Please join us in celebrating the work and development of what is to be one of K-State's finest recent achievements – the student-centered Multicultural Student Center!

A total of \$4.2M has been raised toward the \$5.5M needed for the concept and design developed by the MC Project Action Team and Hollis Miller Architects. The Multicultural Center will be located immediately east of the K-State Student Union and will include gathering, meeting and performance practice spaces, student and multicultural student organization group spaces, a kitchen, office spaces, prayer/meditation room, and additional core support spaces.

The anticipated start date for construction is July 15, 2019, given all fundraising is complete, with a Fall 2020 opening!
