## Job Listing Services

When you list your full-time, internship or part-time position with Career and Employment Services it will be available to students 24/7 via our website. By listing your job electronically you may review resumes submitted by candidates in response to your listing.

## Resume Access

Use the online system to search our database for candidates who match your requirements for employment and view their resumes online. You are able to search by keywords, academic major, and several other criteria.

## On-Campus Interviews

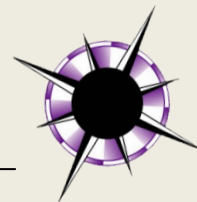

K-State's on-campus interview program allows you the unique opportunity to connect with students from all nine academic colleges in a cost-effective and efficient manner. Manage interview schedules using K-State's online career services management system.

## Career Fairs/Events

We invite you to participate in any of our Career Fairs or Events. Our events provide great opportunities to interact with a large number of candidates in a brief period of time. For more information, visit our website.
