ABOUT US

Kansas State University launched its Confucius Institute in April 2015 in partnership with China’s Jilin University and Hanban (Confucius Institute Headquarters). Its mission is

- To promote, enhance and elevate understanding of the Chinese language and culture at K-State and the greater Manhattan community
- To create exchanges between U.S. and Chinese academic institutions and communities

It is the 102nd institute in the United States and the second one in Kansas.

WHAT WE DO

- Offer practical and fun Chinese classes for both adults and children, including parent & child classes
- Organize a wide variety of cultural activities, such as cultural performances, Chinese cooking workshops, and the annual Chinese Culture Fair
- Sponsor academic and cultural exchange programs
- Provide information and consultative services related to China’s culture, economy and business

       Manhattan, KS 66502

“Our overarching goal is to infuse internationalization in all that we do to ensure that K-State students, faculty and staff are prepared to live, learn and work in the global community”
- April Mason, Provost and Senior Vice President
