WHAT TO SAY to someone not wearing their face covering

1. Please put on your face covering. Be sure it covers your nose and mouth. It's one of the best things we can do to keep ourselves and others safe, and it is K-State policy.

2. I see that you're not wearing your face covering. Do you have an exemption? If not, please put one on.

3. If you forgot your face covering, we have a supply. You can pick one up or I can get you one.
4. I can understand your view of not wearing one, but this is for everyone's safety and it is university policy. Unfortunately, I cannot allow you to enter class/stay in this area without wearing a mask. If you choose not to wear a mask, you will need to leave the building. You can join the virtual class offering/advising/office hours/meeting, if available.

5. Since you are refusing to leave the premises, I am calling campus police/security for assistance.
