a In Fall 2010, the Federal government mandated changes in the way Race/Ethnicity was collected and reported. The new two-question format required that individuals first be asked whether they were Hispanic or not, followed by the option to choose one or more racial identities. This change also affected reporting results, since persons selecting the ethnicity "Hispanic" are reported as such, regardless of the racial identities selected. Caution is recommended when considering any race/ethnicity trends that include data both prior to and after this change.

b 2002 and 2008 University totals include 515 and 888 non-degree graduate students, respectively, in continuing education that are not included in the individual co

\* This category includes Hawaiian/Pacific Islander prior to 2008 in Enrollment and until FY 2011 in Degrees Conferred

\*\*Example: Fiscal Year 2003 includes Summer and Fall 2002, and Spring 2003.

NOTE: Counts based on degree level being sought - Undergraduate includes Bachelor and Associate degrees, College of Architecture, Planning and Design counts most undergraduates as Master's degree-seekers

\*\*Example: Fiscal Year 2003 includes Summer and Fall 2002, and Spring 2003.

\*\*\*Ethnicity totals do not match male/female totals in Fall 2002; doctoral student gender counts for 2002 do not include AgEcon (see footnote in Economics doctorate table).

Note: The Department of Kinesiology totals are not included in these totals - Kinesiology was moved to the College of Human Ecology in January 2013 and is reported there.

In Fall 2010, the Federal government mandated changes in the way Race/Ethnicity was collected and reported. The new two-question format required that individuals first be asked whether they were Hispanic or not, followed by the option to choose one or more racial identities. This change also affected reporting results, since persons selecting the ethnicity "Hispanic" are reported as such, regardless of the racial identities selected. Caution is recommended when considering any race/ethnicity trends that include data both prior to and after this change.

In Fall 2010, the Federal government mandated changes in the way Race/Ethnicity was collected and reported. The new two-question format required that individuals first be asked whether they were Hispanic or not, followed by the option to choose one or more racial identities. This change also affected reporting results, since persons selecting the ethnicity "Hispanic" are reported as such, regardless of the racial identities selected. Caution is recommended when considering any race/ethnicity trends that include data both prior to and after this change.

\* This category contained Hawaiian Pacific Islander for enrollment until Fall 2008 and degrees conferred through FY 2010.

\*\*Example: Fiscal Year 2003 includes Summer and Fall 2002, and Spring 2003.

In Fall 2010, the Federal government mandated changes in the way Race/Ethnicity was collected and reported. The new two-question format required that individuals first be asked whether they were Hispanic or not, followed by the option to choose one or more racial identities. This change also affected reporting results, since persons selecting the ethnicity "Hispanic" are reported as such, regardless of the racial identities selected. Caution is recommended when considering any race/ethnicity trends that include data both prior to and after this change.

\* This category contained Hawaiian Pacific Islander for enrollment until Fall 2008 and degrees conferred through FY 2010.

\*\*Example: Fiscal Year 2003 includes Summer and Fall 2002, and Spring 2003.
