The K-State 8 General Education Program represents eight distinct learning areas. The emphasis and the amount of study in each area will undoubtedly vary for each student, depending upon his/her choice of major and other interests. Nevertheless, each student's program of study must include an exploration of all eight areas. Students who enrolled at K-State after the Summer of 2011 are required to meet the K-State 8 requirements. Students who were enrolled before the Summer of 2011 may meet the K-State 8 requirements or the University General Education (UGE) requirements. Students must use four different course prefixes (ECON, MATH, ENGL, Etc.) to meet these K-State 8 requirements.

To graduate a student must receive a grade of C or higher in Intermediate Macroeconomics (ECON 510) and Intermediate Microeconomics (ECON 520). In addition, a student must either (a) receive a grade of C or higher in all other 500 level or higher econ courses that are used to satisfy degree requirements or (b) have a GPA of at least 2.5 in all econ courses used to satisfy the degree requirements.

Accelerated B.A. and M.A. program. A student who begins graduate work after completing the B.A. or B.S. degree generally requires more than 1 year to complete work for a master's degree. However, a 5-year program leading to a B.A. or B.S. in economics at the end of 4 years and a master of arts in economics at the end of 5 years is available for promising undergraduate students. Juniors and seniors with a GPA of 3.2 or higher are invited to join the program. Students who are considering the accelerated M.A. program are encouraged but not required to take ECON 630 along with STAT 510 and STAT 511.
