

# CONTINUUM OF ENGAGED SCHOLARSHIP

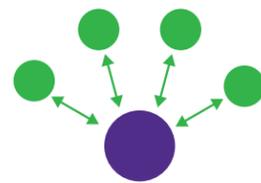

Scholarly engagement is research, teaching, and service in which the university collaborates with public or private sectors in activities that benefit individuals and communities. This continuum represents a few examples of engaged activities with increasing levels of external involvement.

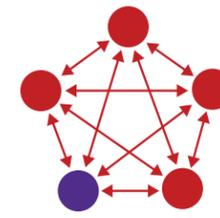

**Inform**

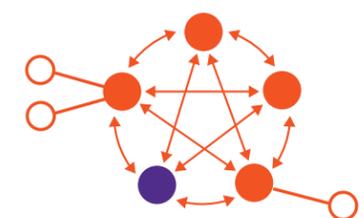

**Consult**

**Involve**

**Collaborate**

**Co-Create**

**Research  
Scholarship  
Creative  
Activity  
Discovery  
(RSCAD)**

Public impact RSCAD  
Contribute expertise to community projects

Community/Program Needs assessments  
Publish case studies

Convene stakeholders on RSCAD issues

Collaboration with stakeholders to identify RSCAD priorities

Stakeholder-based participatory RSCAD  
Co-founding start-up with external partners

**Teaching**

Media interviews  
Community workshops

Connect students with stakeholders  
Field experiences

Service learning  
Applied internships
