

AGENDA
Faculty Senate Academic Affairs
November 17, 2009, 3:30 p.m.
K-State Student Union, room 204

1. Call to Order
2. Approve October 20, 2009 minutes
3. Course and Curriculum Changes
 - A. Undergraduate Education –
 1. Approve the following course and curriculum changes approved by the College of Agriculture on October 19, 2009 (see approval sheets for complete details):

COURSE CHANGES

Agronomy

Add:

AGRON 503 Emerging Topics in Agronomy

Agricultural Technology Management

Changes to:

ATM 160 Engineered Systems and Technology in Agriculture

ATM 250 Chemical Application Systems

CURRICULUM CHANGES

Agricultural Economics

Changes to: B.S. Degree in Agribusiness – International Option

- Add FINAN 450 Principles of Finance to the Finance Requirement section
- Change the Agricultural Economics restricted elections from 6 to 9 credits.

RATIONALE: The proposed change will make the finance requirement in the International Option consistent with the finance requirement of the other two options in the agribusiness curriculum. In making the change, AGECEC 513 is moved from being listed as a required course to being listed as being another course in the list of choices of restricted agricultural economics courses. A footnote will be added, just as it is on the other two options in the agribusiness curriculum, indicating that either AGECEC 513 or FINAN 450 is required in the curriculum. To keep the total number of AGECEC credits unchanged, the required total AGECEC restricted electives is increased from 6 to 9 credits.

IMPACT: The Finance Department has been contacted and has indicated this is not a problem.

General Agriculture

Discontinue the Contemporary Citizenship in Agriculture Minor

RATIONALE: There is currently only one student enrolled in this minor program, and the program has never had strong student interest as exhibited by enrollment. The GENAG 450 course no longer has an instructor.

IMPACT: None.

Horticulture, Forestry and Recreation Resources

Changes to: Park Management and Conservation Major – Park Management Option

- Add BIOL 198 Principles of Biology to the list of Natural Sciences and allow students to take either BIOL 198 or BIOL 210.
- Delete BIOL 320 from the specialization section

RATIONALE: Biology Department has not taught BIOL 210 or BIOL 320 for several recent semesters. These changes do not result in a change in the total number of hours required for the degree nor in free electives.

IMPACT: No impact on other departments.

Changes to: Park Management and Conservation Major – Interpretation Option

- Add BIOL 198 Principles of Biology to the list of Natural Sciences and allow students to take either BIOL 198 or BIOL 210.
- Delete BIOL 320 from the specialization section

RATIONALE: Biology Department has not taught BIOL 210 or BIOL 320 for several recent semesters. These changes do not result in a change in the total number of hours required for the degree nor in free electives.

IMPACT: No impact on other departments.

Changes to: Park Management and Conservation Major – Law Enforcement and Recreation Business Options

- Add BIOL 198 Principles of Biology to the list of Natural Sciences and allow students to take either BIOL 198 or BIOL 210.

RATIONALE: Biology Department has not offered BIOL 210 for several recent semesters. These changes do not result in a change in the total number of hours required for the degree nor in free electives.

IMPACT: No impact on other departments.

Changes to: Horticulture Major – Sports Turf Operations Option

- Add HORT 405 Water Issues Lawn & Landscape and HORT 690 Sustainable Agriculture to the Turf Management Specialization Horticulture electives

RATIONALE: To broaden the designated electives for the Turf Management and Specialization category to reflect a wider range of transfer and KSU courses that meet the spirit of the elective category, and to allow students and advisors more flexibility in meeting the details of the curriculum.

IMPACT: No impact on other departments.

2. Approve the following curriculum changes approved by the College of Education on October 27, 2009 (see approval sheets for complete detail):

Secondary Education

Changes to Journalism (EDJOR) Teacher Licensure Program

- Remove MC 211 and MC 276 from Required courses
- Add MC 251 and MC 406 to Required courses
- Add MC 180, 471, and 580 to recommended courses
- Update course numbers and titles within listings

Rationale: These changes are initiated at the request of the Department of Journalism and Mass Communications. As this department has made programmatic changes to bolster their

emphasis on electronic journalism, their faculty recommend two courses currently required in the EDJOR sequence be replaced with two other courses that better align with the needs of secondary school journalism teachers. Additionally, the current course numbers for two of the “recommended” courses are corrected to reflect changes in course numbering in the Department of Journalism and Mass Communications, one course title is updated, and three courses have been added to the list of recommend courses.

Changes to English and Journalism (EDENJ) Teacher Licensure Program

- Remove MC 211 and 276 from required courses
- Add MC 251 and 406 to required courses

Rationale: These changes are initiated at the request of the Department of Journalism and Mass Communications. As this department has made programmatic changes to bolster their emphasis on electronic journalism, their faculty recommend two courses currently required in the EDENJ sequence be replaced with two other courses that better align with the needs of secondary school journalism teachers.

3. Approve the following course changes as approved by the College of Arts and Sciences on November 5, 2009 (see approval sheets for complete details):

Communication Studies, Theatre, and Dance

Add:

COMM 440 Collaborative Communication and Event Planning

Department of History

Add:

HIST 595 French Revolution, 1789-1815

Department of Modern Languages

Add:

SPAN 572 Mexican Film

4. Approve the following course and curriculum changes as approved by the College of Engineering on November 5, 2009 (see approval sheets for complete details):

COURSE CHANGES

Department of Architectural Engineering and Construction Science

Add:

ARE 312 Introduction to Revit

Department of Computing and Information Sciences

Add:

CIS 580 Fundamentals of Game Programming

Department of Chemical Engineering

Add:

CHE 354 Basic Concepts in Materials Science and Engineering

CHE 355 Fundamentals of Mechanical Properties

CHE 356 Fundamentals of Electrical Properties

Department of Electrical and Computer Engineering

Add:

ECE 540 Applied Scientific Computing for Engineers

CURRICULUM CHANGES

Department of Biological and Agricultural Engineering

Changes to Bachelor of Science: Biological Systems Engineering – Biological Option, Environmental Option, and Machinery Systems Option

- Change in total credit hours required for graduation from 128 to 127.
- Remove DEN 325 from all three options.
- Also change BAE 636 and 651 from main course list, in the Machinery Systems Option, to be listed as technical electives and change credit hours of Technical Electives from 3 to 6.

Rationale: DEN 325 topics of personal and professional development, including communication, leadership, teamwork, and ethics, are currently covered iteratively in the recently redesigned courses of BAE 101, 131, 231, and 331. Thus, DEN 325 is no longer needed to meet these student learning outcomes.

Currently this option only has 3 hours of technical electives. We believe that more technical electives are necessary. The dropped BAE courses will be added to the technical electives list and at least one technical elective must be in BAE 500+.

General Engineering

Drop: Nuclear Reactor Technology Program

Rationale: Nuclear Reactor Technology Program has not been offered for years.

- B. Graduate Education – Approve the following course and curriculum changes as approved by the Graduate Council on November 3, 2009 (see pages 31-41 and 47-49 of grad council agenda for complete detail-page number listed below in parentheses):

COURSE CHANGES

Changes to:

GEOL 743 Introduction to Geophysics (31)

GEOL 745 Exploration Geophysics (31)

WOMST 784 Internship in Women's Studies (31)

CS 709 Medicine I (31)

FSHS 603 Coping with Life Crises (32)

AGRON 610 Biotechnology (32)

ATM 653 Water Management and Irrigation Systems (32)

PLPTH 610 Biotechnology (32)

Add:

ART 636 Color Printmaking Workshop (33)

COMM 800 Teaching Public Speaking (33)

GEOL 832 Seismic Data Processing (33)

GEOG 833 Seminar in Sustainability Science, Thought, and Approaches (34)

GEOL 834 Seismic Data Interpretation (34)

GEOL 870 Groundwater contaminant remediation (34)

GEOL 872 Biogeochemistry of Soils and Sediments (34)

POLSC 638 Ethnic Conflict (34)

POLSC 643 Global Human Rights (34)

POLSC 670 Law, Politics, and Literature (34)

POLSC 739 Intergovernmental Relations (35)
