PAS - 700 - Applied Anatomy & Physiology with Lab

2018-2019 Appendix A: Course Form - New

General Catalog Information (NEW)

Contact person for this proposal*	Gweneth Ferdinand-Jacob, gwenfj@ksu.edu, 785-532-1519

Department*	**College of Human Ecology**

Subject*	**PAS**	**Catalog Number***	700

Long Course Title*	Applied Anatomy & Physiology with Lab

Short Title*	Applied A&P with Lab

Credit Hours/ Units*	5

Course	Intensive study of human anatomy and physiology with clinical application of

Description* medical terminology. Designed to develop the PA student's working knowledge and understanding of the general structures and functional principles of the human body. Clinically relevant areas of radiographic imaging, surface anatomy, and clinical case correlations are integrated in course. Students will acquire anatomic knowledge with clinical application through cadaveric laboratory experience to include human and/or virtual dissection. Develops a strong foundation for the study of pathophysiology and disease states.

Need help? See Course Description Guidelines

Rationale and Impact (NEW)

Rationale* Based on ARC-PA Accreditation Standards for Physician Assistant Education, and the Competencies of the Physician Assistant Profession.

Impact Statement (i.e. if this impacts another unit)* No impact.

Projected Term* 2212 Spring 2021

Need help? See deadlines http://www.k-state.edu/curriculog/deadlines/index.html

General Catalog Information (NEW)

Contact person for this proposal*	Gweneth Ferdinand-Jacob, gwenfj@ksu.edu, 785-532-1519
Department*	College of Human Ecology
Subject*	PAS
Catalog Number*	720
Long Course Title*	Evidence Based Medicine
Short Title*	EBM
Credit Hours/ Units*	1
Course Description*	Intensive study in evidence based medicine and critical thinking about the information and evidence needed to produce clinical decisions. The student will be prepared to cope with the vast amount of medical literature produced every year. The course is structured to equip the student to effectively evaluate medical literature, and apply the information acquired to clinical decision making in the provision of individualized patient care.

PAS - 721 - Medical Genetics

2018-2019 Appendix A: Course Form - New

General Catalog Information (NEW)

Contact person for this proposal*	Gweneth Ferdinand-Jacob, gwenfj@ksu.edu, 785-532-1519
Department*	College of Human Ecology
Subject*	PAS
Catalog Number*	721
Long Course Title*	Medical Genetics
Short Title*	Medical Genetics
Credit Hours/ Units*	1
Course Description*	Will review the basic principles of medical genetics and its application to clinical practice. Students will learn to obtain a detailed family history, and assess possible modes of inheritance. This involves the ability to understand the medical genetics literature, as well as the clinical application of genetic knowledge in the care of individual patients. Ethical principles related to genetic evaluation, testing, and diagnosis will be discussed. The underlying etiology, clinical presentation, evaluation, diagnosis, prognosis, and treatment options of specific genetic disorders will be reviewed.

Form Revised: 7-15-2018

PAS - 750 - Physical Diagnosis I

2018-2019 Appendix A: Course Form - New

General Catalog Information (NEW)

Contact person for this proposal*	Gweneth Ferdinand-Jacob, gwenfj@ksu.edu, 785-532-1519
Department*	College of Human Ecology
Subject*	PAS
Catalog Number*	750
Long Course Title*	Physical Diagnosis I
Short Title*	Physical Diagnosis I
Credit Hours/ Units*	2
Course Description*	Designed to provide training on the skills and competencies necessary for obtaining a patient's medical history, and performing a physical examination. Includes an approach to patient interviewing, acquiring clinical information, organizing and processing this information, and presenting it in a clear and concise manner. This will be achieved by learning examination techniques through lectures, small group settings, faculty mentoring, practicum examinations, and select body system specialty exams.

Need help? See Course Description Guidelines

Rationale and Impact (NEW)

Rationale*	Based on ARC-PA Accreditation Standards for Physician Assistant Education, and the Competencies of the Physician Assistant Profession.
Impact Statement (i.e. if this impacts another unit)*	No impact.
Projected Term*	2212 Spring 2021

Need help?   See deadlines http://www.k-state.edu/curriculog/deadlines/index.html

Form Revised: 7-15-2018

PAS - 760 - Diagnostics I - Laboratory

2018-2019 Appendix A: Course Form - New

General Catalog Information (NEW)

Contact person for this proposal*	Gweneth Ferdinand-Jacob, gwenfj@ksu.edu, 785-532-1519

Department*	College of Human Ecology

Subject*	PAS	**Catalog Number***	760

Long Course Title*	Diagnostics I - Laboratory

Short Title*	Diagnostics I - Lab

Credit Hours/ Units*	2

Course Description*	First of a three-part series designed to introduce the student to clinical diagnostics in medicine. Presents a foundation for understanding the appropriate use and interpretation of diagnostic testing. Various diagnostic tests will be reviewed to allow the student to differentiate normal from abnormal values, and provide the basis for selection, utilization, and interpretation of the tests used to evaluate principal functions of body systems, and their correlation to clinical conditions.

Department*	College of Human Ecology
Subject*	PAS
Catalog Number*	780
Long Course Title*	Clinical Medicine I
Short Title*	Clinical Medicine I
Credit Hours/ Units*	4

Course Description*

Designed to guide the development of problem-solving skills to apply in the medical decision-making process. Will include an in-depth study of diseases/disorders using a body systems approach. Medical knowledge includes the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, management, and patient education of diseases/disorders. Emphasis will be on disease processes/disorders common to primary care practices. Instruction includes the provision of care in preventive, emergent, acute, chronic, adolescent, and adult populations as it applies to disease processes. Instruction will include lecture, problem/case based learning and small group work.

Short Title*	Clinical Medicine II

Credit Hours/ Units*	7

Course Description*	Designed to guide the development of problem-solving skills to apply in the medical decision-making process. Will include an in-depth study of diseases/disorders using a body systems approach. Medical knowledge includes the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, management, and patient education of diseases/disorders. Emphasis will be on disease processes/disorders common to primary care practices. Instruction includes the provision of care in preventive, emergent, acute, chronic, adolescent, and adult populations as it applies to disease processes. Instruction will include lecture, problem/case based learning and small group work.

Need help? See [Course Description Guidelines](#)

Rationale and Impact (NEW)

Rationale*	Based on ARC-PA Accreditation Standards for Physician Assistant Education, and the Competencies of the Physician Assistant Profession.

Impact Statement (i.e. if this impacts another unit)*	No impact.

Projected Term*	

2214 Summer 2021

Need help? See deadlines http://www.k-state.edu/curriculog/deadlines/index.html

Short Title* Family Medicine I

Credit Hours/ Units* 4

Course Description*

A supervised clinical practice experience designed to give students the opportunity to participate in the medical decision-making process while developing the appropriate knowledge, skills, and abilities to provide care in the ambulatory outpatient family medicine clinic. The course will deliver education on providing comprehensive evidence-based, gender/age specific individualized care, addressing acute and chronic diseases, health promotion and disease prevention in the context of each patient's social, economic, cultural and religious background. Students will engage with the interprofessional team, and behave as a medical professional with patients, families and other members of the medical team.

Form Revised: 7-15-2018

PAS - 850 - General Surgery - SCPE

2018-2019 Appendix A: Course Form - New

General Catalog Information (NEW)

Contact person for this proposal*	Gweneth Ferdinand-Jacob, gwenfj@ksu.edu, 785-532-1519

Department*	College of Human Ecology

Subject*	PAS	**Catalog Number***	850

Long Course Title*	General Surgery - SCPE

Short Title*	General Surgery

Credit Hours/ Units*	4

Course Description*	A supervised clinical practice experience designed to give students the opportunity to participate in the medical decision making process while developing the appropriate knowledge, skills and abilities to provide care in the surgical practice. The experiences in this rotation will include pre-operative, intra-operative (assisting) and post-operative surgical care. Students will engage with the interprofessional team and behave as a medical professional with patients, families and other members of the medical team.

Need help? See Course Description Guidelines

Rationale and Impact (NEW)

Rationale*	Based on ARC-PA Accreditation Standards for Physician Assistant Education, and the Competencies of the Physician Assistant Profession.

Impact Statement (i.e. if this impacts another unit)*	No Impact

Projected Term*	2215 Fall 2021

Need help? See deadlines http://www.k-state.edu/curriculog/deadlines/index.html

Description*	Physician assistants (PA) are nationally certified and licensed medical

professionals who work on health care teams with physicians and other providers. The PA profession has been named by top media outlets, including Forbes and USA Today, as one of the most promising jobs in America. PAs practice medicine, and prescribe medication in 50 states, the District of Columbia, U.S. territories and the uniformed services. PAs exercise considerable autonomy in diagnosing and treating patients, but their experience, patient needs, facility policies, supervising physician and state laws determine their scope of practice. In clinical practice, PAs perform an extensive range of medical services in nearly every medical and surgical specialty and health care setting. With rapidly increasing frequency from coast to coast, PAs offer many of the services traditionally provided by physicians.

Kansas State University graduate-level physician assistant program leads to a Master of Science Physician Assistant Studies (MSPAS) degree. The program follows the traditional medical model of training, providing in-depth analysis of disease processes, diagnosis and treatment. Students engage in full-time study for seven semesters, earning their degree in 27 months.

Admission Requirements

Application Procedure

Applicants must complete a CASPA application. CASPA application forms may be requested from [www.caspaonline.org](Central Application Service for Physician Assistants) or by calling CASPA at (617) 612-2080. An application and fee is also required for KSU graduate study and can be submitted to *https://www.applyweb.com/kstateg/index.ftl*.

Selected applicants will be interviewed by the admissions committee. Accepted applicants will be notified within 2 weeks of interview. Applicant will be expected to pay $500 deposit to hold a seat, within 10 business days of receiving the offer. This deposit is applied towards the first semester of tuition, and will **only** be refunded if the PA program does not matriculate in January 2021, or for student requests within the 72-hour period of accepting an admission offer.

Application and Timeline

The following is required:

> Verified CASPA application submitted between 25 April and September 1, 2020.

> Completed application for graduate study at KSU.

Letters of Reference

> Submit three letters of recommendation: One (1) of the letters of recommendation must be from a PA, MD, DO, or FNP, with whom the student has worked or shadowed. The remaining letters of recommendation can be from faculty, coaches, employers, patients or healthcare providers.

Letters from immediate family members will not be accepted.

Minimum GPA

Minimum undergraduate GPA: 3.0
Minimum prerequisite GPA: 3.0

Graduate GPA will replace undergraduate GPA for applicants who have earned a graduate degree.

Bachelor's Degree Requirements

Completion of a baccalaureate degree from a regionally accredited institution.
Official transcripts from all universities attended must be sent to CASPA for review and verification.
Applicants educated outside of the U.S. and Canada must have their transcript reviewed by KSU admissions team. In certain instances, the admissions team may require certification of the degree by a transcript evaluation service.

Applicants may apply before they have completed the bachelor's degree, but the degree must be earned by September 1 of the year prior to matriculation, and the cumulative undergraduate GPA must reflect the required minimum 3.0 or better.

Prerequisite Courses

Successful completion of the all prerequisite courses with a Grade C or better by the time of application.
All prerequisite courses must be completed through an accredited institution. All courses must be assigned a letter grade.
Prerequisites greater than 5 years from the date of graduation will not be accepted, unless the applicant has been employed or has participated in a health care/science position during the last five years.
Personal interviews will be offered to the most qualified applicants and are required for admission; KSU students who exceed the minimum requirements will be granted an interview, but admission to the PA program is not guaranteed.
Prerequisite courses:

- Two Semesters   -   General Biology (or equivalent)
- Two Semesters   -   General Chemistry (or equivalent)
- Two Semesters   -   Human Anatomy & Physiology
- One Semester   -   Microbiology or Bacteriology
- One Semester   -   Psychology

- One Semester   -   Human Genetics
- One Semester   -   Medical Terminology

Recommended additional courses:

- Biochemistry
- Organic Chemistry
- Biostatistics
- Pathophysiology
- Pharmacology
- Cell Biology
- Immunology
- Introductory Statistics or Critical Thinking

Direct Patient Care Experience

Direct patient care experience is not required; however competitive applicants will have a minimum of 500 hours of hands-on patient care experience.

Preference will be given to applicants having experience that required a period of training and resulted in direct (hands-on) patient care, such as work as an EMT, nurse, respiratory therapist, ER technician, physical therapy aide, clinical psychologist, corpsman (Navy), medic (Army), medical assistant, certified nurse assistant, occupational therapy assistant, scribe or x-ray technician.

CASPer!

The CASPer test assesses non-cognitive skills and interpersonal characteristics important for successful students and graduates of the program and is used to complement the other applicant screening tools. Completion of the CASPer test is required; results are valid for one admissions cycle.
Test dates are limited! For Test dates **CLICK HERE**.
Learn more at **CASPer**.

Physician Assistant Observation/Shadowing

Completion of a minimum of 40 hours shadowing with a Physician Assistant-Certified (PA-C).

Advanced Placement

The PA program does not offer advanced placement.
The PA program does not accept transfer students or provide credit for experiential learning.
No credit is granted for prior student experience working in the health care field.

Non-native speakers of English:

> KSU's Graduate School requires each applicant whose native language is not English to demonstrate competence in the English language by achieving a satisfactory score (defined below) on the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS) and Pearson Test of English (PTE). The TOEFL, IELTS or PTE is required to ensure that the student's progress toward a degree is not jeopardized by language barriers. The TOEFL (K-State TOEFL school code 6334) is offered several times a year throughout the world by the Educational Testing Service, Princeton, New Jersey. International applicants are advised to take the TOEFL, IELTS, or PTE as early as possible to avoid delays in the processing of their applications. However, the test date should be no older than eighteen months from the application deadline.

> **An applicant who has received a degree in the last two years from a United States college or university is exempt from this requirement. The PA program may however, require demonstration of English language proficiency during the admissions process.**

> ·   **Score requirements**

Test	Minimum Score
IBT TOEFL (internet based)	79
TOEFL (PBT)	550
IELTS	6.5
Pearson Test of English (PTE)	58

General Information

There is no credit for experiential learning. No Physician Assistant credits from another institution may be transferred into the didactic or clinical years. KSU PA students must complete the **entire** program's course of study at Kansas State University.

Applicants who received their baccalaureate degrees from colleges and institutions outside of the United States may also be considered for admission. These applicants must have their transcripts verified and translated by an approved organization (e.g. World Education Services), and complete at least one year (30 semester hours) of additional undergraduate or graduate study at an accredited U.S. college or university prior to applying to the program. Applicants should also meet all other admission requirements.

Graduation Requirements   **Progression and Graduation Requirements**

To qualify for progression to Clinical Year, the student must satisfy **all** of the following conditions:

> All didactic course work in the PA Program curriculum has been completed with a grade of "B" or better
>
> A cumulative GPA of at least 3.0 in PA Program coursework has been achieved
>
> Documentation of immunizations, annual TB screening and influenza vaccination is completed.
>
> Documentation that Health Insurance Portability and Accountability Act (HIPAA) training is completed.
>
> Drug screening and criminal background check clearance is obtained.
>
> Successful completion of all competency skills (e.g., BLS, ACLS, etc.).
>
> Verification of ability to meet the technical standards
>
> Continued enrollment in a health insurance program.

To qualify for progression and graduation with the Master of Science in Physician Assistant Studies (MSPAS) degree, students must:

> Follow the approved course of study and satisfactorily complete all courses.
>
> Complete all courses with a cumulative GPA of at least 3.0, with no course or rotation grade below 80%.
>
> Demonstrate proficiency in all PA competencies.
>
> Settle all financial accounts with the university.
>
> Successfully complete the Summative phase upon completion of the clinical year.
>
> Must be recommended for graduation by the PA program's PRD committee and the Dean of College of Human Ecology, and approved by College faculty.

Special Requirements	All students must: Participate in community outreach projects. Obtain Professional memberships in AAPA and KSPA

Rationale and Impact (NEW)

Rationale*	The proposed PA program will not only improve access to health care in the

region, but will produce qualified graduates who will live and work in the communities they serve, contributing significantly to the economic well-being and vitality of the state of Kansas and region.

Program development was based on ARC-PA Standards, and the Competencies of the Physician Assistant profession and supports the mission of Kansas State University.

Impact Statement* Will impact FNDH in a positive manner, by increasing opportunities for the health professions to engage in interprofessional education and collaboration as required by individual accrediting bodies. Discussions held with Department Head, Mark Haub, and Athletic Training Program Director, Phil Vardiman in July 2018.

Will impact Kinesiology in a positive manner, by increasing opportunities for the health professions to engage in interprofessional education and collaboration. Discussions held with Department Head, Craig Harms, Kinesiology.

Projected Term* | **2212 Spring 2021**
