BY: Kansas State University Faculty Senate

WHEREAS, There will be a total eclipse of the sun on Monday, August 21, 2017 in northeast Kansas (see attached page for path of totality), and

WHEREAS, This will be the only total eclipse in Kansas during this century, and

WHEREAS, Total eclipses are an awe inspiring experience, and

WHEREAS, Total eclipses have played a significant role in history, and

WHEREAS, August 21, 2017 is currently scheduled to be the first day of classes, and

WHEREAS, Our calendar has more class days than required, and

WHEREAS Students, faculty, and staff should be encouraged to see the eclipse, and

WHEREAS We recognize educational opportunities exist outside of the classroom

BE IT RESOLVED THAT

SECTION 1. The Faculty Senate requests that the Provost ask the Board of Regents to delay the start of classes for Kansas State University until 4:30 pm on August 21, 2017.

SECTION 2. The University should provide opportunities for students to be able to experience the eclipse, including instruction in the scientific and social importance of this phenomenon throughout history.

SECTION 3. Supervisors should be encouraged to allow faculty and staff to take time off to view the eclipse, using vacation leave or compensatory time.

SECTION 4. Upon passage this resolution shall be sent to University President Richard Myers and Provost and Senior Vice President April Mason.
