CURRICULUM CHANGES
School of Family Studies and Human Services
Changes to the Personal Financial Planning (B.S.)
Rationale: The PFP program is working to align program curriculum with professional standards and expectations to better prepare students for the work place. Within the core curriculum, this is being done by reducing general education requirements, adding an internship course, and adding three professional track options: family financial planning, sales, and entrepreneurship. In addition, the requirement of the two one-hour PFP 100 careers courses will be replaced by a one-hour pre-internship course and a one hour professional practices course. CMST 108 is a course offered on the Polytechnic campus. Since we no longer offer a program on the Polytechnic campus, we are removing it from the curriculum.
