For a limited time this summer, the VPAF will cover the hauling fees associated with removing these items, as well as some of the costs associated with the disposal of hazardous waste during the designated time frame. The disposal procedures for items costing less than $5,000.00 will also be relaxed. More information will be available mid-May in the K-State Today and on the website of General Accounting.

Encumbrances Are Optional

- Division of Financial Services will not require departments to encumber FY15 expenditures.

- The transaction date will be used for University Financial Reporting purposes.
Encumbrances Are Optional

- Departments who wish to utilize encumbrances to communicate FY15 obligations within their department/college may continue to do so.

- Keep in mind, to use an encumbrance on a payment, the transaction date must be a FY15 date (the invoice/date of service must be FY15).

- Projects that start with the letter “G” should not be encumbered for departmental use.
Encumbrances (cont.)

Important to Note

- If choosing to use an optional encumbrance for travel, you must split the travel reimbursement on two separate travel vouchers.

- Statements that include multiple payment for services or commodities that cross fiscal years must be paid on separate payment vouchers.
  - For example if you received a statement that included invoices for:
    6/12/14, 6/18/14, 7/2/14, 7/5/14
  
  The two invoices for June would be paid on one voucher and the July invoices on another. Exceptions may be made based on materiality.
Additional Important Dates

- June 25th by 5:00
  - Final transfers of non-payroll payments and/or corrections.
Regarding invoice dates:

E2xxx – Use end date of service or Invoice date if end date is future date
E3xxx/E4xxx – Use invoice date (if multiple invoices, use most recent date)
Note: Invoices occurring over multiple fiscal years must be placed on different vouchers.
Transaction Date Overview

- Payment of Services
  - The date the service was completed determines the transaction date. In situations where there were multiple service dates billed, use the last date of service as the transaction date.
