OutcomeTitle	description
Apply Learning	Uses skills and knowledge learned in course to solve problems, answer questions, or identify areas for investigation
Build Community	Interacts effectively with faculty and peers in ways that promote learning and group coherence and identity, social ties, and mutual support
Communicate Effectively	Expresses understanding of course content with clarity and awareness of audience
Think Critically FYS	Explains the implications or significance of material learned in the course
Think Critically CAT	Explains both overlapping and unique themes and issues between two courses.
