EDCEP 111 UNIVERSITY EXPERIENCE

COURSE OBJECTIVE:
The purpose of this course is to help you develop and practice strategies to support your success at K-State.

Your decision to enroll at Kansas State University marks a turning point in your life. Whether you are a recent high school graduate or a nontraditional student, this time is filled with anxiety and excitement because you are taking an important step toward your future success. The University Experience course will help you find your way and give you the chance to:

- Discuss common problems and concerns with other first-year students.
- Find effective ways to make the transition from high school to college-level learning and life.
- Discover how to gain the most from co-curricular activities.
- Learn about K-State policies, procedures, and services.
- Practice skills required for academic success such as time management and critical thinking.
- Explore your interests, academic strengths, values, and career goals.
- Learn how to use diverse insights, strategies, and techniques that are essential to success in a multicultural world.

University Experience is a graded, elective course that may be taken for 2 credits.
