Questions						
Does your chapter offer scholarships, if so what is the total amount of scholarship money given.						
Answer:	18000+					
Does your chapter offer payment plans, if so what is the schedule of payments?						
Answer:	Sigma Alpha Epsilon Kansas Beta offers flexible payment plans to it's members. To encourage prompt payments we off a \$200 credit to In-House Members who pay their semester dues by the assigned date (for Spring 2026 the due date for this credit was Jan 18th). However, we understand not every member can take advantage of this. We bill our dues for In-House members in 3 cycles (\$1900, \$1800, and \$1800 again for Spring 2026) typically in the middle of the first, second, and third month of each semester. If a member is having financial struggles we can and will remove these deadline and communicate a payment plan that works for them and us throughout the semester.
