Funding Opportunity

American Philosophical Society (APS) Lewis and Clark Fund for Exploration and Field Research for Graduate Students: The Lewis and Clark Fund encourages exploratory field studies for the collection of specimens and data and to provide the imaginative stimulus that accompanies direct observation. Applications are invited from disciplines with a large dependence on field studies, such as archaeology, anthropology, biology, ecology, geography, geology, linguistics, and paleontology, but grants will not be restricted to these fields.

Grants will be available to doctoral students who wish to participate in field studies for their dissertations or for other purposes. Master’s candidates, undergraduates, and postdoctoral fellows are not eligible. Applicants who have previously received a Lewis and Clark Fund grant may reapply after an interval of two years. Preference is given to applicants who have not yet been granted an award from the Fund. Application deadline is 1 November, 2018.
