Students may also be assessed special fees based on the courses he/she chooses to enroll. To review the comprehensive fee schedule please see details at <http://www.k-state.edu/pay>.

Section 1: Applicant's Declaration

I understand that unless I receive financial support from Kansas State University, I must have at least **\$37,267** (U.S.) per year available to me for my fees and living expenses during my graduate studies. (Breakdown of estimated costs is provided on page 2 of this form.)

I understand that medical care is very expensive in the United States. The Kansas Board of Regents requires that all international students admitted to Kansas State University provide evidence of health insurance. Kansas State University strongly recommends that I purchase health insurance for any dependents that accompany me.

My signature certifies that all information provided on this form is complete and accurate, and that I am responsible for all expenses for myself and any dependents accompanying me. Kansas State University is not required to provide financial assistance or employment. In the event financial assistance/employment is awarded, I understand that continued support (beyond the first year) is contingent on many factors, including maintaining satisfactory progress in a degree program and on availability of departmental funding. In the event departmental support is not continued, it will be necessary that I provide my own financial support.
