READING TWO: Chapter 6, Section B.3. Revision (Election Procedures)

B.3 Election Procedures (changes are in red)

It is the responsibility of the Graduate Council to supervise the election of Graduate Council members from Academic Areas and colleges.

Each Academic Area will elect four representatives to the Graduate Council, and each representative will have a term of three years. Terms will be arranged that at least one member is elected each year from each Academic Area. The four representatives of each Academic Area must be from at least two colleges.

Each college will elect one representative to the Graduate Council, and each representative will have a term of three years. Terms will be arranged so that at least two college representatives are elected each year.

No academic unit within an Academic Area may have more than one member on the Graduate Council. A representative may serve no more than two terms consecutively.

The Graduate Council is responsible for supervising the election of Graduate Council members. No later than the second Monday of February, the Election Committee will call for nominations of eligible Graduate Faculty members from each Academic Area to stand for election for the vacant Graduate Council seats within that respective Academic Area. Ballots for the election of representatives to the Graduate Council will be provided electronically by the Dean of the Graduate School. Graduate faculty in the Academic Area will vote for the representative(s) of their respective Academic Area.

For the college representative position, each college will determine ~~their~~ its own internal method for identifying a representative. The name of the representative as well as the internal method for selection must ~~(i.e. election or nomination) and will~~ be communicated by the Deans of the colleges to the Dean of the Graduate School.

Members of the Graduate Faculty are eligible to serve as representatives to the Graduate Council. College and university administrators (those with more than 50% administrative appointments, e.g., the Provost, Vice- Provosts, Associate Provosts, Assistant Provosts, Deans, Associate Deans, Assistant Deans, Assistants to the Dean, etc.) are not eligible to serve as representatives. ~~Graduate Faculty from all departments and graduate programs within the college or the Academic Area vote for the eligible members.~~ The election of representatives must be completed by April 1.
