- Report.
- Action Items.

6. Committee on Planning – Perla Reyes, Chair

- Report.
- Action Items:

A and B below are second readings for changes to the Graduate Handbook. They require a vote.

a. **Chapter 2, Section D** (*Expiration date for master's courses*) - **Reading Two**

D. COURSES

Graduate study demands a high degree of intellectual aptitude. It presupposes a broad preparation and involves the acquisition of specialized knowledge. These facts should be reflected in the graduate student's program of study. Credits that were earned more than seven years prior to the semester in which the program of study is approved cannot be accepted in which the student completes all degree requirements may not be used to satisfy the degree requirements except as noted in Chapter 2, section D.6 and Chapter 2, section J.4.

Motion: The Committee on Planning motions to approve the changes to **Chapter 2, Section D** above for the 2023-2024 Graduate Handbook.

Vote (YES-NO-ABSTAIN):

b. **Chapter 2, Section J4** (*Competency revalidation of courses - clarifying language*) - **Reading Two**

If a student's program of study includes any course credits more than seven years old at the time the student is ~~about~~ **expected** to complete all degree requirements, the final master's examination will normally include an examination over the body of course work listed on the program of study.

Motion: The Committee on Planning motions to approve the changes to **Chapter 2, Section J4** above for the 2023-2024 Graduate Handbook.

Vote (YES-NO-ABSTAIN):
