

# K-State Graduate School

## Weekly Newsletter

### **Week of June 12-16, 2017** [Events and Deadlines](#)

*This weekly newsletter is sent out to dept. heads, graduate program directors and contact staff, and graduate faculty.*

### **[Registration open for Graduate School Orientation](#)**

The Graduate School and other campus partners will host welcome and orientation activities for new and returning graduate students during the week of August 14 at the Manhattan campus. Advanced registration is requested for most activities by August 11. Email invitations to attend orientation are sent from the Graduate School directly to students who accept an admission offer to begin a Manhattan campus graduate program in summer or fall 2017. We appreciate your assistance with promoting these activities to returning graduate students who are beginning an assistantship appointment this fall or began their graduate program in an earlier semester but were unable to attend the Graduate School's orientation. Also, all graduate students are welcome to attend the services and resource fair on August 16. Please visit the [Summer and Fall 2017 Orientation](#) page for a full schedule of events and online registration.

### **[Do you have a student who could benefit from group therapy?](#)**

Offered by K-State's Counseling Services, group therapy is the preferred therapy option for students wanting to better understand themselves and how they relate to and impact others. Group therapy is one way to help address relationship concerns including difficulty saying "no," not opening up to others out of concern for being a burden, feeling alone or isolated, and feeling anxious in social situations and more. It can also be helpful for concerns such as depression, anxiety, adjusting to college, and better understanding yourself and emotions. So, if you have any students with relationship concerns (romantic or platonic), difficulty advocating for themselves or setting boundaries, feeling isolated, etc. please feel free to refer them to [Counseling Services for group therapy](#). Counselors will meet with students individually first to assess their needs and ensure it is a good fit for them.

### **[Summer Undergraduate Professional Development Series & Certificate](#)**

Undergraduate students who will be at K-State for the summer have the opportunity to get professional development experience and learn more about the research process for graduate school. This summer the Graduate School is offering

a Professional Development Certificate to undergraduate students who attend all five of the professional development seminars.
