Graduate Council Meeting Agenda
March 3, 2020 – 3:30 p.m.
Room 227, K-State Student Union

1. Opening remarks.

Minutes of the February 4th meeting: [https://www.k-state.edu/grad/faculty/graduate-council/agendaminutes/GC2020-2%20Minutes.pdf](https://www.k-state.edu/grad/faculty/graduate-council/agendaminutes/GC2020-2%20Minutes.pdf)

2. Graduate School Actions and Announcements.
   a. Election Committee Meeting will occur immediately following today’s Graduate Council Meeting.
   b. Graduate Faculty membership approvals.

4. **Committee on Student Affairs** – Matthew Brueseke, Chair.

5. **Committee on Planning** – Dr. Jaebeom Suh, Chair.

   a. **Second Reading.** Review of Chapter 3, Section L “Final Examination” with consideration for changes to online doctoral study.

   **Second Reading from the Planning Committee with suggested revisions:** The final oral examination may be taken when the student has completed the program of study and satisfied all other program requirements. All Final examinations must be given on the Manhattan campus and scheduled at least two weeks in advance with the exception of doctoral students completing their degrees via distance or hybrid delivery. Preference is for the doctoral students completing online doctoral program to complete their final examination on the Manhattan campus. However, arrangements can be made for the doctoral student and the supervisory committee to conduct the defense via video conference. The student must work with the major professor and graduate program director to arrange a physical location for the on-campus faculty members and the public to view the video dissertation presentation. Separate video conference meetings should be scheduled for the open defense and supervisory committee deliberations. The outside chair and on-campus faculty members should participate in the same location. The outside chair will be responsible for obtaining signatures on the ballot from all committee members. Committee members should sign the ballot and return the scanned copy to the outside chair or provide their vote via email. The original ballot with committee members’ signatures and the scanned ballots or email message should be delivered to the Graduate School.

   b. **Second Reading.** Revisions for second reading to Chapter 5: The Graduate Faculty, D.6 Clinical Graduate Faculty Membership.

   **Second Reading presented to Graduate Council with no suggested revisions:** Clinical Faculty Members in relevant disciplines, whose responsibilities include teaching and clinical services with appointments at the rank of clinical assistant professor, clinical associate
professor, and clinical professor may be appointed as Clinical Graduate Faculty. Clinical Graduate Faculty may teach graduate courses, serve on supervisory committees, and serve as co-major professor for master’s students if the other co-major professor is a regular graduate faculty member. All other criteria specified in Chapter 5.D.5 will apply. Some clinical appointments may include an opportunity for scholarly achievement. In such cases, when the necessary minimum requirements are satisfied, they may apply to be regular graduate faculty members as described in Chapter 5.A.3. Nomination guidelines for Clinical Graduate Faculty Members should follow the general procedure described in Chapter 5.A.3 of the Graduate Handbook. Faculty members may be exempt from the terminal degree requirements if the program has approved qualifications for exemption required by the Higher Learning Commission on file in the Provost Office. Limitations as delineated in Chapter 5.D.7 also apply to Clinical Graduate Faculty Members. Some clinical appointments may include an opportunity for scholarly achievement. In such cases, when the necessary minimum requirements are satisfied, they may apply to be regular graduate faculty members as described in Chapter 5.A.3.

c. Second Reading. Addition of Courtesy Appointments to list of the types of graduate faculty appointments in Graduate Handbook, Chapter 5, para D.7 – D.12, using language from the University Handbook (Chapter on ‘Courtesy Professional Appointment and Ancillary Appointments’) upon recommendation from Academic Affairs of Graduate Council.

G45 D.7 Courtesy professorial appointment. Unclassified professionals in student service departments or in other support units of the university who are not associated with an academic department or unit may be granted courtesy professorial rank in academic departments, with the approval of the departmental faculty, dean, and provost. Persons granted such courtesy appointments will be expected to hold the terminal degree, or its equivalent, in the academic discipline of the department granting the courtesy appointment. Courtesy appointments do not carry with them the prospect of consideration for tenure or any other obligations on the part of the department. The extent to which the unclassified professional holding the courtesy appointment participates in the activities of the department in which the courtesy appointment is held is arranged between the department and the individual.

G27 D.8 Ancillary appointments. Ancillary appointments are made for the benefit of a department to allow faculty from other university departments to contribute to its academic programs. Members who are on regular faculty appointments in other departments or units on campus are eligible. The goal is to foster ties between departments with similar and/or complementary disciplinary interests.

C27.1 D.9 An eligible faculty member may be nominated for an ancillary appointment by a faculty member in the host department or by the host department head/chair. The nomination should be discussed with other faculty in both of the departments that the appointment may affect. The nomination should include a letter of nomination, curriculum vitae of the candidate, and a statement outlining the benefits both to the candidate and to the hosting department. Prior to appointment, a majority of the faculty members from the host department must find the individual acceptable as an ancillary faculty member. The appointment must be approved by the host department head/chair, host dean, and the provost. The candidate must also have approval from his/her home department head/chair and dean.

C27.2 D.10 An ancillary appointment is a five-year term and is contingent upon a continuing
regular faculty appointment. To be reappointed, the candidate must be re-nominated and approved by the process outlined above.

C27.3 D.11 The activities of an ancillary appointment may include teaching, interaction in scholarly and creative endeavors, participation in graduate programs, and serving on graduate student committees. The regular procedures of the graduate faculty apply to any individual's participation in a graduate program. Departments may develop more specific guidelines and policies related to these appointments.

C27.4 D.12 Ancillary appointments are without compensation. Ancillary faculty members are subject to all rules and regulations that apply to members of the host department including but not limited to patents, conflict of interest, classified research, and use of human subjects. Ancillary faculty members are not granted tenure, nor are they eligible to vote or hold office in the host department. Ancillary appointments may be recognized in all appropriate departmental documents and literature pertaining to academic programs.

Graduate Council by-laws require a second review, even if there are no revisions after first review.

6. **Committee on Assessment and Review** – Dr. Phillip Payne, Chair

7. **Graduate Student Council** – Manzamasso Hodjo, President

8. **University Research and Scholarship** – Sunanda Dissanayake, Graduate School Associate Dean.

To: Graduate Council

From: Brett R. Wilkinson, Head, Department of Accounting
Robert G. Chapman Endowed Chair

Re: Letter of nomination to renew Jane Bloodgood’s Associate Graduate Faculty membership

Date: January 13, 2020

I am writing to request that Jane Bloodgood be re-appointed to associate graduate faculty membership. The grad faculty members of the department have unanimously voted to recommend her for associate membership. Ms. Bloodgood has a Master of Accountancy degree from Kansas State and is a Certified Public Accountant (CPA) in the state of Kansas. She is actively engaged in sponsoring student organizations as well as maintaining her professional involvement in the Kansas Society of CPAs. She completes a wide variety of professional development activities each year, both to maintain her CPA certification and to maintain her qualifications as a faculty member as required for accreditation.

Our intent is for Ms. Bloodgood to teach and serve at the graduate level in the Master of Accountancy program in the Department of Accounting. The Master of Accountancy is a professional degree that represents a 5th year extension of the undergraduate accounting degree. According to the AACSB rules, the accrediting body for the College of Business and Department of Accounting, Ms. Bloodgood qualifies as a practice academic faculty member.

We strongly believe that Ms. Bloodgood experience and expertise qualify her to teach in the Graduate Program. Her education, experience in practice, annual continuing education and professional activities collectively qualify her to teach graduate courses, especially given the professional and applied nature if our master’s program.

Please let me know if I can provide any additional information regarding Ms. Bloodgood’s qualifications.

Sincerely,

Brett R. Wilkinson, Head, Department of Accounting
Robert G. Chapman Endowed Chair
Review Graduate Faculty eligibility and nomination requirements in the Graduate Handbook, Chapter 5, before completing this form.

**MEMBERSHIP**

If submitting a nomination for membership, SELECT ONE of the four types of membership below.

- **Membership (tenure track with terminal degree)**
  Upon departmental nomination, the Dean of the Graduate School will appoint the candidate to the graduate faculty.

- **Membership (Non-tenure track, adjunct, or no terminal degree)** requires Graduate Council approval

- **Clinical Membership (clinical assistant professor, clinical associate professor, and clinical professor)** requires Graduate Council approval

☐ **Associate Membership** (requires Graduate Council approval)
  Indicate whether the individual will teach graduate courses, serve on supervisory committees, or both.

☐ *Teach graduate courses* ☐ Serve on supervisory committees

*The nomination letter must list the courses to be taught.*

**CERTIFICATION**

Check the box below if submitting a nomination for certification.

☐ Certification to direct doctoral students (requires Graduate Council approval)

**Note:** A faculty member must have graduate faculty membership in order to be nominated for doctoral certification, or doctoral certification may be sought concurrently with graduate faculty membership. Adjunct graduate faculty members may be certified but must serve as a co-major professor with a regular graduate faculty member.

February 11, 2020

Dr. Carol Shanklin  
Dean of the Graduate School  
Eisenhower Hall  
CAMPUS

Dear Dr. Shanklin:
Enclosed please find nomination papers and documents in support Dr. Fawzi M. Mohamed’s appointment as an Associate Member of the Graduate Faculty. Dr. Mohamed is a Veterinary Medical Officer in the Animal and Plant Inspection Service of the USDA. He is an Anatomic pathologist and a researcher with expertise in transboundary Animal Diseases. He is collaborating with a couple of faculty members in the department. Dr. Mohamed is interested to have a membership in the Graduate Faculty, primarily to serve on supervisory committees of graduate students.

Dr. Mohamed’s curriculum vitae and ballot were circulated to the Pathobiology Graduate Faculty Group in the week of July 15, 2019 for members to vote. A total of 55 graduate faculty members in the Pathobiology Graduate Group are eligible to vote and 37 members voted in support of his membership, three voted no, one abstained and 14 did not vote.

Based on the recommendation of the Pathobiology Graduate Faculty Group, I would like to request approval of the nomination of Dr. Fawzi Mohamed as an Associate Graduate Faculty member.

Sincerely,

T. G. Nagaraja
Director of the Graduate Program

CC: Dr. Derek Mosier, Head, DM/P
Review Graduate Faculty eligibility and nomination requirements in the Graduate Handbook, Chapter 5, before completing this form.

MEMBERSHIP
If submitting a nomination for membership, SELECT ONE of the four types of membership below.

- Membership (tenure track with terminal degree)
  Upon departmental nomination, the Dean of the Graduate School will appoint the candidate to the graduate faculty.

- Membership (Non-tenure track, adjunct, or no terminal degree) requires Graduate Council approval

- Clinical Membership (clinical assistant professor, clinical associate professor, and clinical professor) requires Graduate Council approval

- Associate Membership (requires Graduate Council approval)
  Indicate whether the individual will teach graduate courses, serve on supervisory committees, or both.
  *Teach graduate courses  Serve on supervisory committees

*The nomination letter must list the courses to be taught.

Dr. Carol Shanklin
Dean of the Graduate School
Eisenhower Hall
CAMPUS

Dear Dr. Shanklin:

Enclosed please find nomination papers and documents in support Dr. Arathy Nair’s appointment as an Associate Member of the Graduate Faculty. Dr. Nair is a Research Assistant Professor in the Center for Vector Borne Diseases in the Department of Diagnostic Medicine and Pathobiology. This is a term position. Dr. Nair is a board certified Veterinary Microbiologist and her research is focused on molecular pathogenesis of and vaccine development for vector borne pathogens and diseases in animals. She is requesting an Associate membership to allow her to serve on supervisory committees of graduate students. Dr. Nair’s curriculum vitae and a ballot were circulated to the Pathobiology Graduate Group in the week of Dec 9, 2019 for members to vote. A total of 53 graduate faculty members in the Pathobiology Graduate Group were eligible to vote and 43 members voted in support of her membership, three voted no, two abstained and five members did not vote.

Based on the recommendation of the Pathobiology Graduate Group, I would like to request approval of the nomination of Dr. Arathy Nair for Associate membership.

Sincerely,

T. G. Nagaraja
Director of the Graduate Program

January 15, 2020

Dr. Carol Shanklin
Dean, Graduate School
Kansas State University

Dear Dr. Shanklin:

Please find enclosed nomination materials in support of Dr. Neala Boyer as she applies for Clinical Graduate Faculty membership in the Department of Clinical Sciences. Dr. Boyer received her Bachelor of Science degree in 1997 from the University of Nebraska-Lincoln and her Doctor of Veterinary Medicine in 2003 from the University of Missouri-Columbia. She worked in private practice from 2003-2015. In 2015 Dr. Boyer joined the Clinical Science faculty in a clinical assistant professor position in our Pet Health and Nutrition Center. In 2017 Dr. Boyer successfully earned board certification with the American Board of Veterinary Practitioners (Canine and Feline).

Dr. Berke has a clinical appointment that includes 80% clinical service, 10% didactic teaching and 5% NDS. Her special interests include preventative care, internal medicine, dermatology, cardiology, and animal behavior; she is board certified in canine and feline practice. Dr. Boyer's primary faculty role is to serve as a clinician in the Small Animal Medicine section helping to train DVM students in the fourth year of their education. She also contributes to core small animal course work in the third year of the veterinary curriculum.

As a Clinical Graduate Faculty member, she will contribute to MS graduate student training through course offerings and will serve as a committee member for MS students. Dr. Boyer serves as course coordinator for an elective course CS 811 Applied Animal Behavior, which is a course that is of interest to some graduate students in the CVM. Dr. Boyer may contribute to resident training, particularly those with an interest in welfare and behavior.

Dr. Boyer's curriculum vitae and a ballot were circulated to the Clinical Sciences faculty during the week of October 15 - 30, 2019. A total of 39 faculty with membership in the Clinical Sciences group were eligible to vote with 35 members voting in support of her membership, 2 voted no, and 2 ballots were not returned due to faculty being unavailable to vote.

Based on the recommendation of the Clinical Sciences group, I request approval of the nomination of Dr. Neala Boyer to serve as a member of K-State's Clinical Graduate Faculty.

Respectfully,

[Signature]

Elizabeth Davis, DVM, PhD, DACVIM
Professor and Head, Department of Clinical Sciences

Dear Dean Shanklin,

Please find the updated membership category Dr. Jeridy Oetken to be approved as a clinical graduate faculty member.

Dr. Oetken received her Doctorate of Speech-Language Pathology from Rocky Mountain University of Health Professions in Provo, Utah on August 10, 2019. Jeridy is an accomplished clinician and has proven herself as an important undergraduate instructor and mentor.

With her doctorate, we are hoping to add Jeridy into the rotation of graduate education at Kansas State University in Communication Sciences in Disorders including graduate student committee service and teaching classes.

Thank you for your consideration.

Sincerely,

Sonya Lutter
Director, School of Family Studies and Human Services

Dr. Carol Shanklin
Dean, Graduate School
Kansas State University

Dear Dr. Shanklin:

Please find enclosed nomination materials in support of Dr. Keith DeDonder as he applies for adjunct Graduate Faculty membership in the Department of Clinical Sciences. He received his DVM in 2008 and his PhD in 2016, both from Kansas State University. Dr. DeDonder worked in a private mixed animal practice for four years before serving as the Director of Clinical Services at the Veterinary and Biomedical Research Center in Manhattan in 2012. After completing his PhD, he was board certified as a Diplomate in the American College of Veterinary Clinical Pharmacologists, and currently he is an adjunct faculty member in Clinical Sciences.

Dr. DeDonder’s area of expertise is clinical pharmacology. As the Director of Clinical Services with Veterinary Biomedical Research Center (VBRC), he has a dedicated research interest that focuses livestock production and maintenance. He serves at the lead member of Good Laboratory Practices (GLP) and compliance of research at VBRC. As an adjunct faculty member in the Department of Clinical Sciences, he will mentor MS graduate students and serve on graduate committees of both MS and PhD level graduate students.

Dr. DeDonder’s curriculum vitae and a ballot were circulated to the Clinical Sciences faculty during January 15 – 31, 2020. A total of 40 graduate faculty members were eligible to vote with 33 members voting in support of his membership, 0 voted no, 0 abstained, and 7 ballots were not returned.

Based on the recommendation of the Clinical Sciences group, I request approval of the nomination of Dr. Keith DeDonder for adjunct membership among K-State Graduate Faculty.

Respectfully,

Elizabeth Davis, DVM, PhD, DACVIM
Professor and Head, Department of Clinical Sciences

Dr. Carol Shanklin
Dean of the Graduate School
Eisenhower Hall
CAMPUS

Dear Dr. Shanklin:

Enclosed please find nomination documents in support of Dr. Brandon L. Plattner’s appointment as a Member of the Graduate Faculty with Certification to direct doctoral students. Dr. Plattner was appointed as a Clinical Associate Professor in August of 2019 in the Department of Diagnostic Medicine/Pathobiology. Dr. Plattner is an Anatomic Pathologist and Section Head of the Histology and Immunohistochemistry Laboratory in the Veterinary Diagnostic Laboratory. In addition to providing diagnostic services, he collaborates with researchers in the college and in other departments of the university to provide pathology services in various research projects. Before coming to K-State, Dr. Plattner was an Associate Professor in the Department of Pathology in the Ontario Veterinary College at the University of Guelph, Canada. At Ontario, he has served as major professor for two PhD and 2 MS students. At K-State, Dr. Plattner is interested in serving as a member of the supervisory committees of graduate students and possibly mentor MS or PhD students in the future.

Dr. Plattner’s curriculum vitae and a ballot were circulated to the Pathobiology Graduate Group in the week of Dec 9, 2019 for members to vote. A total of 33 graduate faculty members with certification in the Pathobiology Graduate Group were eligible to vote and 29 members voted in support of his membership, none voted no, one abstained and 3 members did not vote.

Based on the recommendation of the Pathobiology Graduate Group, I would like to request approval of the nomination of Dr. Brandon Plattner for Membership with Certification.

Sincerely,

T. G. Nagaraja
Director of the Graduate Program

December 27, 2019

Dr. Carol Shanklin  
Dean, Graduate School  
Kansas State University

Dear Dr. Shanklin:

It is with marked enthusiasm that I prepare this letter of support for Dr. Michael Kleinhenz as he applies for Graduate Faculty status at Kansas State University. Dr. Kleinhenz is a current assistant professor in Clinical Sciences. He received his DVM from The Ohio State University in 2009 and his PhD from Kansas State University in 2018. Dr. Kleinhenz earned board certification from the American Board of Veterinary Practitioners with a specialty in Dairy in 2015. Additionally, while completing his PhD graduate work he concurrently completed a residency in Veterinary Clinical Pharmacology, which he completed in August of 2019.

Dr. Kleinhenz has a primary (60%) research appointment, marked teaching effort (30%), outreach (5%) and non-directed service (5%) responsibilities. Among his responsibilities in the Department of Clinical Sciences, Dr. Kleinhenz will undoubtedly have the opportunity to train graduate students. Dr. Kleinhenz is a member of graduate faculty in the Department of Anatomy and Physiology and serves as a mentoring committee of two PhD graduate students. His area of expertise includes pain assessment techniques and applied pharmacological interventions. Current approaches to pain assessment include pressure mat gait analysis, infrared thermography and extracellular vesicle cargo. Pressure mat gait analysis is a validated FDA measure of pain in food animals.

Dr. Kleinhenz is off to a strong start with his faculty contributions in the department. Pending research proposals under review for funding include pharmacokinetics of industrial hemp and cannabinoids in cattle, swine and goats; comparison of analgesics in meat goats; determination of a transmammary analgesic regimen in sows; and chlortetracycline feeding strategies for the control of anaplasmosis in beef cattle. Dr. Kleinhenz has an extensive list of published manuscripts, which includes 11 first authored publications.

Materials provided for review of Dr. Kleinhenz to be nominated as Graduate Faculty membership included his curriculum vitae and a ballot that were circulated to the Clinical Sciences faculty during the weeks of October 31 through November 15, 2019 for CS faculty members to vote. A total of 39 members with membership in the Clinical Sciences group were eligible to vote with 27 members voting in support of his membership, 0 voted no, and 12 ballots were not returned due to faculty being unavailable to vote. In addition, materials were circulated among qualified certified graduate faculty for review and voting from October 31 through November 15, 2019. Among 6 eligible faculty members all voted in favor of certification, 6 votes in favor and 0 votes against.

Based on the recommendation of the Clinical Sciences group, I request approval of the nomination of Dr. Michael Kleinhenz to serve as a certified member of K-State Graduate Faculty.

Respectfully,

Elizabeth Davis, DVM, PhD, DACVIM  
Professor and Head, Department of Clinical Sciences

Cc: Dr. T.G. Nagaraja, Director of Veterinary Biomedical Sciences Graduate Program

111B Mosier Hall, Manhattan, KS 66506-5706 | (785) 532-4890 | fax: (785) 532-2252
NOMINATION FOR GRADUATE FACULTY

Review Graduate Faculty eligibility and nomination requirements in the Graduate Handbook, Chapter 5, before completing this form.

MEMBERSHIP
If submitting a nomination for membership, SELECT ONE of the four types of membership below.

☐ Membership (tenure track with terminal degree)
Upon departmental nomination, the Dean of the Graduate School will appoint the candidate to the graduate faculty.

☐ Membership (Non-tenure track, adjunct, or no terminal degree) requires Graduate Council approval

☐ Clinical Membership (clinical assistant professor, clinical associate professor, and clinical professor) requires Graduate Council approval

☐ Associate Membership (requires Graduate Council approval)
Indicate whether the individual will teach graduate courses, serve on supervisory committees, or both.
☐ *Teach graduate courses   ☐ Serve on supervisory committees

*The nomination letter must list the courses to be taught.

CERTIFICATION
Check the box below if submitting a nomination for certification.

☐ Certification to direct doctoral students (requires Graduate Council approval)

Note: A faculty member must have graduate faculty membership in order to be nominated for doctoral certification, or doctoral certification may be sought concurrently with graduate faculty membership. Adjunct graduate faculty members may be certified but must serve as a co-major professor with a regular graduate faculty member.

Nominee Information:

Selected Refereed Journal Articles/Publications/Significant Works of Scholarly Activity:

February 11, 2020

Dr. Carol Shanklin
Dean of the Graduate School
Eisenhower Hall
CAMPUS

Dear Dr. Shanklin:

Enclosed please find nomination documents in support of Dr. Brandon L. Plattner’s appointment as a Member of the Graduate Faculty with Certification to direct doctoral students. Dr. Plattner was appointed as a Clinical Associate Professor in August of 2019 in the Department of Diagnostic Medicine/Pathobiology. Dr. Plattner is an Anatomic Pathologist and Section Head of the Histology and Immunohistochemistry Laboratory in the Veterinary Diagnostic Laboratory. In addition to providing diagnostic services, he collaborates with researchers in the college and in other departments of the university to provide pathology services in various research projects. Before coming to K-State, Dr. Plattner was an Associate Professor in the Department of Pathology in the Ontario Veterinary College at the University of Guelph, Canada. At Ontario, he has served as major professor for two PhD and 2 MS students. At K-State, Dr. Plattner is interested in serving as a member of the supervisory committees of graduate students and possibly mentor MS or PhD students in the future.

Dr. Plattner’s curriculum vitae and a ballot were circulated to the Pathobiology Graduate Group in the week of Dec 9, 2019 for members to vote. A total of 33 graduate faculty members with certification in the Pathobiology Graduate Group were eligible to vote and 29 members voted in support of his membership, none voted no, one abstained and 3 members did not vote.

Based on the recommendation of the Pathobiology Graduate Group, I would like to request approval of the nomination of Dr. Brandon Plattner for Membership with Certification.

Sincerely,

T. G. Nagaraja
Director of the Graduate Program

CC: Dr. Derek Mosier, Head, DM/P

January 17, 2020

Dr. Carol Shanklin
Dean of the Graduate School
Eisenhower Hall
CAMPUS

Dear Dr. Shanklin:

Enclosed please find nomination documents in support of Dr. Roman M. Pogranichnyi’s appointment as a Member of the Graduate Faculty with Certification to direct doctoral students. Dr. Pogranichnyi was appointed as an Associate Professor with tenure in August of 2019 in the Department of Diagnostic Medicine/Pathobiology. Dr. Pogranichnyi is a Diagnostic Virologist and serves as the Director of Virology and Serology Laboratory in the Veterinary Diagnostic Laboratory. Although his main responsibility is to provide diagnostic services, he collaborates with researchers in the college in virology-related research projects. Before coming to K-State, Dr. Pogranichnyi was a tenured Associate Professor and a member of the Graduate Faculty in the Department of Comparative Pathobiology in the College of Veterinary Medicine at Purdue University, West Lafayette, IN. At Purdue, he has served as a member of supervisory committees of several graduate students. At K-State, Dr. Pogranichnyi is interested to serve on supervisory committees of graduate students and possibly mentor MS or PhD students in the future.

Dr. Pogranichnyi’s curriculum vitae and a ballot were circulated to the Pathobiology Graduate Group in the week of Dec 9, 2019 for members to vote. A total of 31 graduate faculty members with certification in the Pathobiology Graduate Group were eligible to vote and 23 members voted in support of his membership, none voted no, one abstained and 3 members did not vote.

Based on the recommendation of the Pathobiology Graduate Group, I would like to request approval of the nomination of Dr. Roman Pogranichnyi for graduate faculty membership with certification.

Sincerely,

T. G. Nagaraja
Director of the Graduate Program

January 29, 2020

Dr. Carol Shanklin  
Graduate School Dean  
Kansas State University

Dean Shanklin:

I am writing to nominate Dr. David Procter, professor in the Department of Communication Studies and director of the Center for Engagement and Community Development, for doctoral certification at Kansas State University. The voting faculty of the leadership communication doctoral program have unanimously endorsed his nomination for doctoral certification.

Dr. Shaffer meets the criteria for certification within the interdisciplinary doctoral program in leadership communication. He has earned a terminal degree in communication, has published several books, chapters, and articles; has been actively involved in community engaged scholarship; and has been involved in graduate education for a number of years now. His expertise and experience exceed the standards for doctoral certification.

Thank you for your consideration. If you need other information, please feel free to contact me by phone or by email.

Thank you.

Greg Paul  
Head, Communication Studies  
gregpaul@ksu.edu
