Celebrating Our Future

Dear Graduates,

Congratulations on your graduation!

Today marks the culmination of your hard work, and we are thrilled to celebrate the determination, persistence and diligence that have led you to this important achievement. Your K-State family — faculty, staff and fellow students — and your family and friends are incredibly proud of you.

Take a moment to reflect back on all you have accomplished on your journey to this degree. Think about the relationships you've built and the connections you've made. Consider how far you've come: the knowledge and skills you possessed when you began versus what you now know and can do. Most importantly, envision how this expertise will empower you to make a difference in the world around you. You are poised to have a remarkable impact — in your career, in your community and in everything you pursue.

As you embark on the next chapter of your journey, remember that K-State will always be here for you. You are now part of our network of more than 200,000 proud alumni worldwide, so there's a Wildcat in your corner no matter where you go. There are many ways to stay connected to your alma mater:

- Continue your education with additional training or an advanced degree.
- Share your experiences and expertise with current or future K-Staters.
- Return to campus to cheer on your Wildcats or attend a performance.
- Stay connected through the K-State Alumni Association, which, along with your college, is providing you and your fellow graduates with a complimentary year of membership today!

K-State is a special place, and you are forever a part of its legacy of becoming the next-generation land-grant university. The memories you've made and the connections you've forged will last a lifetime.

Congratulations once again, and best wishes in all your future endeavors.

Go 'Cats!

*I know a spot that I love full well,
'Tis not in forest nor yet in dell;
Ever it holds me with magic spell,
I think of thee, Alma Mater.*

*K-S-U, we'll carry thy banner high.
K-S-U, long, long may thy colors fly.
Loyal to thee, thy children will swell the cry.
Hail, Hail, Hail, Alma Mater.*

About Kansas State University

Founded in 1863 as the nation's first operational land-grant university, Kansas State University's mission is to foster excellent teaching, research and service to develop a highly skilled and educated citizenry necessary to advancing the well-being of Kansas, the nation and the international community. K-State embraces diversity and inclusion, encourages engagement and is committed to the discovery of knowledge, the education of undergraduate and graduate students, and improvement in the quality of life and standard of living of those we serve.

K-State has campuses in Manhattan, Olathe and Salina — home of the Aerospace and Technology Campus — as well as K-State Online, which serves distance education students around the world. When it comes to academics, K-State's majors and degree programs offer pathways to hundreds of career options that can be tailored to individual goals and dream careers. Interest areas offered through K-State's nine colleges and Graduate School include agriculture, food and natural resources; architecture, art and design; aviation; business; communications, media and marketing; computer science and information technology; education and leadership; engineering and construction; government, law and social sciences; health professions; hospitality and tourism; human and social services; humanities, culture and society; science and mathematics; veterinary medicine; and visual and performing arts.

Forbes magazine, U.S. News and World Report and The Princeton Review all recognize K-State as one of the best universities in the nation, which is backed by the strong support K-State receives from its alumni and friends. With more than 200,000 alumni, K-State's membership ranks Top 10 in the nation for the percentage of graduates who are members of the K-State Alumni Association. In 2020, the Kansas State University Foundation wrapped up the highly successful Innovation and Inspiration Campaign, raising \$1.6 billion for K-State.

K-State is redefining what it means to be a next-generation land-grant university by serving all learners, solving global grand challenges and contributing to the economic prosperity of the state. K-State is home to the Biosecurity Research Institute, the Kansas Water Institute and the Institute for Digital Agriculture and Advanced Analytics. K-State is making a difference through interdisciplinary research.

Total research efforts at Kansas State University have led to more than 400 patents to date. The university has more than 90 research centers, including the 8,600-acre Konza Prairie Biological Station and the Johnson Cancer Research Center. Our distinguished faculty members are tackling such issues as food security, biosecurity, enabling technologies, community health and well-being, climate change, cybersecurity, sustainability, urban revitalization and more — and they often involve undergraduate students in their work. K-State Research and Extension also serves the citizens of Kansas in a variety of ways, with personnel, offices, research centers, programs and more throughout the state.

About Our Ceremonies

University mace

The Kansas State University mace made its debut in September 2009 at the inauguration of Kirk H. Schulz as the university's 13th president. A mace is a decorative symbol of office and typically carried at the front of academic processions. Designed by Tom Boley, a 1970 K-State alumnus, the mace is made from a purple wood called purpleheart and a light-colored maple.

Academic dress

The history of academic dress dates to medieval European universities of the 12th century. Universities in the U.S. have standardized academic dress so its features are common and uniform throughout the country.

The gown: K-State undergraduate gowns are purple, and graduate gowns are black. Gowns are typically made of synthetic material or worsted wool. The pattern varies with the degree held: open sleeves for the bachelor's degree; long,

closed sleeves with slits for the hands for the master's degree; and round, bell sleeves for the doctoral degree.

The hood: Students receiving graduate degrees wear hoods. The master's hood is shorter than the doctoral hood and lacks the panels of the doctoral hood. Hoods are lined with the colors of the university; K-State's lining is purple with two inverted chevrons. The binding or edging of the hood is the color pertaining to the subject of the degree.

The caps: All bachelor's candidates wear a purple mortarboard, and master's degree candidates wear a black mortarboard. Doctoral students may wear a mortarboard or a soft velvet tam with either six or eight sides. The tams can be dark blue or black for Doctor of Philosophy candidates and light blue for Doctor of Education candidates. Doctor of Veterinary Medicine candidates wear a black mortarboard. Tassel color for all degree candidates depends on the degree and/or degree field.

Graduation honors

Bachelor's degree candidates who are earning graduation honors from Kansas State University wear a purple-and-white honor cord on the left shoulder of their commencement gowns. Honors are awarded based on their K-State grade point averages. Eligible students also must have completed a minimum of 60 undergraduate hours at K-State, with at least 42 undergraduate hours in graded courses at K-State.

K-State graduation honors:

Summa cum laude — For students with a 3.95 or above GPA.

Magna cum laude — For students with a 3.85-3.949 GPA.

Cum laude — For students with a 3.75-3.849 GPA.

Note: Doctor of Veterinary Medicine degree candidates receive these honors based on courses completed in the professional program. For the purpose of the commencement ceremony, unofficial graduation honors are recognized for bachelor's degree candidates who possess the required K-State cumulative GPA prior to the start of the semester in which they plan to participate in the commencement ceremony, and who have completed or are currently enrolled in enough credit hours to satisfy the credit hour requirements.

automation systems for manufacturing across North America.

Steve Reed retired from Kasa Industrial Controls after more than 30 years of excellence in industrial automation. With a foundation from K-State Salina, where hands-on learning sparked his passion for engineering technology, Reed became a leader in designing and implementing innovative

After joining Kasa Industrial Controls early in his career, Reed quickly established himself as a leader in designing and implementing cutting-edge automation systems for manufacturing and industrial applications.

A strong advocate for continuous learning, Reed mentored young engineers, contributed to college advisory boards and helped define industrial automation curricula across Kansas. His career emphasized efficiency, customer focus and unwavering ethics.

Reed continues to share his expertise as a consultant and speaker. Growing up in Salina, he cultivated a love for woodworking, canoeing, history and family time. He resides in Lindsborg with his wife, Trish, and their five sons.

Speaker

D.J. Johnson

G League and overseas, showcasing the same drive that made him a fan favorite at K-State.

Beyond basketball, Johnson has pursued his academic and professional ambitions with equal intensity. He earned a master's degree in Regional and Community Planning from K-State's College of Architecture, Planning & Design in the department of landscape architecture and regional & community planning — a milestone he achieved while balancing his professional basketball career. His passion for city planning and economic development led him to work with Shockey Consulting in Overland Park, where he focused on his real estate consulting and urban growth initiatives. He also provided planning services in a consultant capacity for the city of De Soto as it prepared for a \$4 billion investment by Panasonic Energy North America.

D.J. Johnson is a former Kansas State University basketball standout who has built a dynamic career that spans professional basketball, urban planning, real estate and community development. Known for his passion, energy and hustle on the court, the 6-foot-9 center played in the NBA

In addition to his work in city planning, Johnson has found success as a real estate agent in Kansas City, leveraging his strong network and commitment to helping clients — many of whom share his K-State roots. His expertise extends beyond brokering deals; he specializes in acquiring, restoring and developing properties to revitalize neighborhoods. Since 2023, he has held the position of planner + urban design for BNIM in Kansas City, Missouri.

Johnson's passion for urban development and design started in his hometown of St. Louis, where he founded Urban Village Outreach, or UVO, a nonprofit dedicated to revitalizing neighborhoods in a way that respects their historic, cultural and urban character. UVO works to transition properties from vacant to valuable, primarily focusing on communities in north St. Louis. His work promotes the restoration of core neighborhoods and full-service communities, fostering long-term sustainability and economic growth.

Johnson holds a bachelor's degree in business administration with an emphasis in entrepreneurship from Kansas State University. His business background and planning expertise have made him a leader in urban revitalization, real estate development and community-driven growth.

Kansas Board of Regents

Alysia Johnston

where she worked closely with the Kansas Board of Regents and the Kansas Technical Education

Alysia Johnston was appointed to the Kansas Board of Regents by Gov. Laura Kelly in 2023.

Regent Johnston has 37 years of experience in community college education. She most recently served as the president of Fort Scott Community College,

Authority. She served as vice president for academic services for Coffeyville Community College from 2005 to 2015, where she was chair of the Academic Affairs Committee.

Regent Johnston earned a Bachelor of Science in animal science from Kansas State University and a Master of Science in biology from Pittsburg State University.

Speaker

M. Duane Nellis

to elevate access and inclusion, student success and transformation, research and knowledge discovery in support of vibrant communities, and a sustainable academic enterprise. Nellis also elevated the Ohio University Heritage College of Osteopathic Medicine, strengthening partnerships with the Cleveland Clinic, Ohio Health and the Kettering Foundation. Past roles include president of Texas Tech University and the University of Idaho and dean of the Eberly College of Arts and Sciences at West Virginia University.

Nellis also previously served as provost and senior vice president at Kansas State University. As K-State's provost, Nellis was known for enhancing the learning environment for students through high-technology classrooms and online education.

M. Duane Nellis is an internationally recognized scholar and national higher education leader who served nearly four decades in academia. He is currently president emeritus and a trustee professor at Ohio University.

As president, he guided Ohio University toward strategic pathways designed

He helped develop the universitywide honors program and enhanced university entrepreneurship, and his efforts led to the creation of a Commercialization Leadership Council, a Center for Engagement and Community Development and a Center for the Advancement of Entrepreneurship.

He is recognized nationally and internationally for his research that utilizes satellite data and geographic information systems to analyze various dimensions of the Earth's land surface. This research has been funded by more than 50 sources, including NASA and the National Geographic Society. His research has led to more than 160 articles and reports in a wide range of professional journals and more than 20 books and book chapters. Nellis is a fellow of the prestigious American Association for the Advancement of Science, the Explorers Club in New York City and the American Association of Geographers.

Most recently, Nellis served as a member of the executive committee of the Association of Public and Land-Grant Universities Commission on Economic and Community Engagement. He earned a bachelor's degree in earth sciences/geography at Montana State University and master's and doctoral degrees in geography from Oregon State University. Both universities have recognized Nellis as a distinguished alumnus.

Awards

Commerce Bank and W.T. Kemper Foundation Distinguished Graduate Faculty Award

Sherry Haar

Sherry Haar earned her bachelor's and master's degrees at the University of Nebraska–Lincoln and a doctorate from Virginia Tech University. Her current scholarship involves ecological and sustainable design with a focus on natural dyes encompassing textile design practice and scientific evaluation. Haar has received numerous awards for her design scholarship and holds two patents on therapeutic designs for children with sensory dysfunctions.

Haar teaches a wide variety of courses at Kansas State University across many of levels. Undergraduate courses include Apparel Production, Aesthetics of Apparel and Textiles, and Fashion Illustration. At the graduate level, she focuses on courses like Textile Surface Manipulations, Textiles Surface Design and Research in Design. Topics among these courses include: fashion rendering, computer-aided design, pattern development, textile surface design and fashion show production. Colleagues both locally and beyond have recognized her work in teaching and research through many awards honoring excellence in teaching, student development and research.

Bala Natarajan

Bala Natarajan currently holds the Clair N. Palmer and Sara M. Palmer Electrical Engineering Professorship and serves as the director of the Cyber-Physical Systems and Wireless Innovations, or CPSWin, group at Kansas State University. Natarajan's core research expertise encompasses statistical signal processing, stochastic modeling and optimization theory, with applications spanning multiple domains, including cyber-physical systems — like smart grid and smart health — and wireless communications.

Natarajan has authored or co-authored one graduate textbook, four book chapters, more than 60 journal papers and more than 110 conference papers. His research group has presented more than 100 talks at national and international conferences, universities and workshops. Professor Natarajan has directed 13 completed doctoral dissertations and 22 completed master's theses. He has received multiple best paper nominations and awards and was the recipient of the Dean's Award for Excellence in Research in 2014.

He is a senior member of the Institute of Electrical and Electronics Engineers, or IEEE, and currently serves as the editor of multiple journals, including IEEE Transactions on Wireless Communications. He also served as associate editor of European Transactions on Telecommunications from 2014–16. Natarajan represents the IEEE Vehicular Technology Society on the IEEE Smart Grid R&D committee and the IEEE Council on RFID. In 2016, he was selected to serve as the vice-chair of the steering committee for the IEEE Journal of RFID. Since 2013, he has been a member of the advisory board of Indo-U.S. Collaboration for Engineering Education, which is an organization focused on enhancing the quality and global relevance of engineering education and research through cooperation.

Brad Crauer

30 regional animal welfare organizations. To date, 900+ students have performed more than 50,000

Brad Crauer joined the Kansas State University College of Veterinary Medicine faculty in 2015 to develop the Shelter Medicine and Community Outreach programs. In Shelter Medicine, students provide free spay/neuter, medical triage and best practice management consultation to more than

procedures under Crauer's direction. Additionally, the Community Outreach wellness and vaccine clinics serve almost 5,000 pet families in need annually. Crauer believes in developing students to be more practice-ready veterinarians and better humans along the way.

Prior to joining K-State, Crauer served as medical director at Wenatchee Valley Humane Society, chief medical officer at Seattle Humane and adjunct professor at Washington State University. He is a 1991 Iowa State University graduate with more than 20 years of experience in private practice and emergency and shelter facilities.

Veterinarian's Oath

Being admitted to the profession of veterinary medicine, I solemnly swear to use my scientific knowledge and skills for the benefit of society through the protection of animal health and welfare, the prevention and relief of animal suffering, the conservation of animal resources, the promotion of public health, and the advancement of medical knowledge.

I will practice my profession conscientiously, with dignity, and in keeping with the principles of veterinary medical ethics.

I accept as a lifelong obligation the continual improvement of my professional knowledge and competence.

Speaker

Beth Montelone

research collaborations, professional development activities and universitywide research initiatives.

Montelone joined K-State's Division of Biology in 1988. Her research focused on DNA repair and mutagenesis. She also worked to increase the participation of underrepresented groups in STEM and improve science education. Her work has been funded by multiple agencies, including the National Science Foundation, the National Institutes of Health, the U.S. Department of Agriculture and the Kansas Health Foundation.

Beth Montelone, Ph.D., is a professor of biology and the senior associate vice president for research at Kansas State University. She directs the Office of Research Development, which supports and facilitates the research of K-State's faculty, staff and students by helping coordinate multi-investigator

She is currently the principal investigator on a National Science Foundation Engines Development Award to advance economic development by capitalizing on regional expertise in biosecurity, biodefense and biomanufacturing. She also manages all biomanufacturing initiatives for K-State.

Montelone served as associate dean for research in the College of Arts and Sciences from 2004 to 2017. Her responsibilities included research compliance, safety, instructional technology, space planning, renovations and infrastructure. She directed the Faculty Enhancement Program, the Undergraduate Research Award Program and the Student Research Travel Award Program. From 2008 to 2011, she also served as interim research director of the Biosecurity Research Institute and held the Peine Professorship of Biosecurity.

Montelone earned her bachelor's degree in biology from Rensselaer Polytechnic Institute and her doctorate in molecular genetics from the University of Rochester, both in New York. She carried out postdoctoral research at the University of Miami School of Medicine and the University of Iowa.

environments that promote student learning.

Watson was named education commissioner in November 2014 while serving as superintendent of McPherson Public Schools. During his tenure with the Kansas Department of Education, Watson has become known for his visionary leadership in positioning Kansas as an innovative state rethinking a century-old school model.

Kansas Commissioner of Education Randy Watson is the College of Education's commencement speaker and the 2025 recipient of the prestigious Dan and Cheryl Yunk Award for Excellence in Educational Administration, which recognizes the importance of educational administrators in establishing

Watson's forward-thinking leadership has also led to balancing the emphasis between academic test scores and the characteristics Kansans identified as ensuring student success. He was instrumental in introducing statewide outcomes for social-emotional growth, kindergarten readiness, individual plans of study, graduation attainment and post-secondary success. Commissioner Watson has been recognized nationally for guiding student-focused success, which fuels the state board's vision for education.

A lifelong Kansan raised in Coffeyville, Watson earned his bachelor's degree, master's degree, doctorate of education and district-level certification from Kansas State University. He was a College of Education Alumni Fellow in 2002 and the Kansas Superintendent of the Year in 2015, and he received the Outstanding Service Award from the United School Administrators of Kansas in 2020.

Oath of Education

I hereby pledge my dedication to the profession of teaching. I accept the obligations and the challenges of guiding students to knowledge, always showing them care and concern. I will encourage respect for all people, and will cultivate the disciplined, yet free minds necessary for a democratic way of life.

I promise to champion policies which promote quality in teaching and learning. I will provide everyone engaged in education the opportunity to achieve their own level of excellence. I will strive to become a knowledgeable, ethical, caring decision-maker and emulate these qualities which I pledge to foster. I recognize that at times my endeavors may prove discouraging. Nonetheless, I remain faithful to the belief that my actions in the pursuit of these goals make me worthy of my profession, and make my profession worthy of a free people.

Speaker

J.P. Bilbrey

J.P. Bilbrey is a highly respected global business leader with more than four decades of experience in the consumer-packaged goods industry. His career has been defined by his leadership, international expansion, and commitment to corporate responsibility and meaningful social change. He has been

instrumental in the growth of some of the world's largest and best-known brands.

Throughout his tenure as chairman, president and CEO of The Hershey Company, Bilbrey led an era of growth driven by strategic initiatives that reinforced Hershey's position as an industry leader, strengthened its global presence and solidified its reputation as an innovator in sustainable business practices. Bilbrey joined The Hershey Company in 2003 as senior vice president and quickly ascended to chief operating officer before assuming the role of president and CEO in 2011.

Bilbrey graduated from Kansas State University in 1978 with a bachelor's degree in psychology. He began his career with Procter & Gamble as a sales representative and served in positions of increasing responsibility in multiple disciplines, including working in the U.S. and living abroad with his family in the Middle East, North Africa and Asia for international operations. His wife Teresa also attended K-State; they have four children, six grandchildren and numerous family members who are also K-Staters.

His many career awards and recognitions include being named among the top 25 CEOs in the world in 2012 by Best Business Practices and receiving the Corporate Responsibility Magazine Responsible CEO of the Year in 2014, the Food Industry Association William H. Albers Industry Relations Award in 2017 and the Delta Sigma Phi, Kansas State University Lifetime Achievement Award.

Bilbrey has had the honor of serving in several government roles, including a White House appointment to the President's Trade Policy and Negotiation Committee. He currently serves on several public company boards, including those of Colgate-Palmolive, Tapestry, Elanco Animal Health and Olaplex Holdings.

Speaker

J. Ernest Minton

Extension's mission through research, outreach, engagement and economic development.

Prior to being named dean in 2019, Minton spent 25 years as a faculty member for the department of animal sciences and industry at K-State. Starting

J. Ernest "Ernie" Minton serves as the Eldon Gideon dean of Kansas State University's College of Agriculture and director of K-State Research and Extension. In this role, he is focused on advancing the college's legacy as one of the nation's top academic programs and enacting K-State's Research and

in 2008, Minton began serving in administrative roles, including as associate dean for research and graduate programs and associate director for the Kansas Agricultural Experiment Station.

During Minton's tenure as dean, the College of Agriculture has been ranked in the top 10 nationally by two independent assessments — Niche.com and QS World University Rankings.

Minton is actively involved in the Association of Public and Land-grant Universities, or APLU, which reflects his deep personal belief in the mission of the land-grant university system and the opportunity it offers to advance the public good. Minton serves as chair of the board of directors for APLU's board on agricultural assembly policy.

Speaker

Cynthia Kiser Murphey

Most recently, Murphey created history by spearheading the reopening of Palms Casino Resort as the first casino resort to be owned and operated by a Native American tribe in Las Vegas. As general manager, Murphey revived the property after a closure due to COVID-19 by hiring more than 2,000 team members while overseeing all operations for gaming, hospitality, and food and beverage for the 766-room casino resort and for Palms Place condominiums. She also created a team member volunteer program, Palms Cares, and donated more than \$2 million to local charities.

Murphey grew up in Kansas City and moved to Las Vegas to study hotel management. She earned bachelor's and master's degrees from the University of Nevada, Las Vegas, where she was also a part-

Cynthia Kiser Murphey is an accomplished senior executive hospitality leader with more than 30 years of experience in the industry. As one of the first female presidents on the Las Vegas Strip, Murphey has successfully opened four megaresorts, including the world's largest hotel, in multiple jurisdictions, achieving record business results.

time faculty member and adjunct professor. Her tenure on the Las Vegas Strip included multiple leadership positions at MGM Resorts International, including senior vice president of human resources and president and chief operating officer of New York-New York Hotel & Casino. During her time with MGM, Murphey opened three megaresorts, including the world's largest hotel, as a key member of the senior leadership team.

Developing people, strengthening communities and creating an exceptional guest service experience are hallmarks of Murphey's career. While at MGM, she founded one of the gaming industry's first diversity, equity and inclusion initiatives, which trained and certified more than 40,000 "Diversity Champions." She has mentored hundreds of employees, guiding their journeys from entry- and mid-level positions into industry leadership roles.

She was named one of 25 "People to Watch" by Global Gaming Business magazine and honored with a lifetime achievement award from Las Vegas Magazine. She has been a trustee for more than 20 years to the UNITE HERE National Fund, which provides excellent health benefits for hospitality industry employees.

Murphey values time with her family outdoors, where she enjoys hiking, skiing and walking with her family's dogs.

company's global customer support and services organization. He has an extensive background in technology, market development, product strategy and pursuit of customer satisfaction.

Nick Chong is a venture partner with Fellows Fund, a venture capital group focused on empowering the next generation of artificial intelligence founders. Prior to this, Chong spent nearly 13 years at Zoom, starting as head of product marketing and ascending to chief customer officer, responsible for the

Before arriving at Zoom, Chong was the founder of the first emerging technology business unit at Cisco Systems in India. He led business incubation, technology acquisition and go-to-market strategy. He also held senior leadership roles as director of product management at Perfigo, which was acquired by Cisco, and director of global support at IntruVert Networks, which was acquired by McAfee. Both network security solutions attained the No. 1 market leadership positions and evolved to become critical stakes of the \$3 billion network security market. Additionally, Chong spent more than seven years with Cisco Global Support and Services in San Jose, California, and Brussels, Belgium.

Chong graduated from K-State with a bachelor's degree in electrical engineering in 1991 and earned a Master of Business Administration from Santa Clara University. He was inducted into the Carl R. Ice College of Engineering Hall of Fame in 2024.

University Distinguished Professors

The title of University Distinguished Professor is the highest honor Kansas State University can bestow on its faculty. This lifetime title recognizes faculty making outstanding contributions to teaching, research and service to their professions and communities. University Distinguished Professors are

appointed following a universitywide competition conducted by the provost and executive vice president. Each recipient receives a commemorative medallion upon appointment.

Coffman Chair for University Distinguished Teaching Scholars

The Coffman Chair for University Distinguished Teaching Scholars was created in 1995 to underscore Kansas State University's commitment to excellence in undergraduate teaching and learning. A faculty member acknowledged as a leading teaching scholar is appointed to the chair by the university's provost and executive vice president for one academic year. All who hold the chair retain the title of University Distinguished Teaching Scholar throughout their careers. During the year in residence, the scholar's time and resources are spent advancing the interests of undergraduate teaching and learning at the university.

Alumni membership

All colleges have provided graduates with a one-year membership to the K-State Alumni Association. Graduates also will receive a gift from the alumni association in recognition of their graduation. K-Staters are some of the most loyal alumni in the country, and we are excited to welcome you into a new relationship with your alma mater. The K-State Alumni Association is your link for life to K-State. Learn more and stay connected by visiting K-State.com.

Program notes

The organ used in ceremonies at Bramlage Coliseum has been donated by Dina and David Rankin in memory of Dina Rankin's parents, Jack and Karen Beightel.

Jason Frazier is the bagpiper for K-State Salina. David Morrison is the bagpiper for all other commencement ceremonies.
